Po.Box 764. 5321 Annaham Cres. 108 Mile Ranch BC.
V0K 2Z0 Ph. 250 619 5469

Oma Products offers a complete line of quality hard cast pistol and rifle bullets made from special alloys of refined materials ensuring consistent results for shooters. Our bullets are suitable for all loads including magnum loads. We purchase our lead from Purity Casting Alloys Ltd in Surrey BC, and our hard wax lube is supplied by Dragon lube from Ontario. We are truly a Canadian company. We also offer our complete line of bullets in our softer cowboy lead mix 13 BNH. Which is suitable for most target shooting sports at lower velocities under 1400 fps.

All of our bullets are available by order through our website. **OmaProducts.com**
