FINISH

Choose a game piece and roll the dice.
The student with the highest number goes first.
On your turn, roll the dice and move your piece forward. Take turns in order. You will either land on a square that reads, "Pick a card and make a conversation". The person to your left picks up the card and ask how you feel and you will make up a conversation about the health ailment you see. If you land on a card with a question, you answer it. If you don't know the answer, just ask a friend. For example, "What are 2 body parts that begin with the letter 'C'?"
The first student to reach the "Finish" square wins the game!
