

The Countrymen Club at Apple Blossom Care Farm

Part of the countrymen UK network
www.countrymenuk.org

Cultivating an exciting alternative to day centres.

Apple Blossom Care Farm in Builth Wells has become part of the Countrymen UK network, a registered charity with an exciting new nationwide initiative providing support to the increasing isolation of men who find themselves unable to access the countryside work and leisure environments because of their deteriorating physical or mental health or changing social conditions.

We are the first Countrymen Club in Wales.

The Countrymen Club at Apple Blossom Care Farm is looking for members to join this brand new venture.

Please book your free taster session or for more information
