

CASTLE ISLAND RUNNING MAP

5.25 miles/8.5 Kilometers

Leave the hotel at the D Street exit and go left. Continue across the D Street Bridge. Turn left at the end of the bridge onto Summer Street. Follow Summer Street over the bridge, where it becomes L Street.

From L Street, turn left onto East Second Street. Ahead is a small park which you may continue around or, for an extra challenge, you may ascend the stairs to the upper tier of the park. When you reach the end of East Second Street, you'll see Pleasure Bay with views of the Boston skyline and Fort Independence on Castle Island.

Loop around the bay and retrace your steps along East Second Street, back to L Street and then Summer Street, turning right onto D Street back to the hotel.
