FROM THE EVERYDAY TO THE EXCEPTIONAL

Lenovo® makes machines that empower all kinds of DOers. Everyday achiever or pioneering hero, family of four or lone leader – Lenovo has a machine to match.

Built with focus and designed with purpose, Lenovo's range of consumer products offer style, performance, convenience and even a personality, for those who need it.

Just like it takes all kinds to make a world, it takes all kinds of DO machines to make us the brand that we are. All you need is one look at our range of products inside, and you'll know what we're talking about.

LENOVO® Y50-70

THE NEXT BIG NAME IN GAMING

Gamers need not look too far for a machine that matches their serious gaming enthusiasm. Lenovo® Y50-70 is one laptop that's packed with so much power, it will blow you away every single time you work with it. While the latest Intel® Core™ processors give you lightning-fast, responsive performance, the NVIDIA® graphics paired with the Full HD Display will bring every visual detail to life. With Lenovo® Y50-70, you know your gaming or even entertainment experience will never be a let-down.

- Windows 8.1
- 8GB DDR3 RAM; Hybrid 1TB SSHD (8GB)
- NVIDIA® GeForce® GTX 860M 4GB Graphics Card
- 1 Year Onsite Warranty with Accidental Damage Protection

GAMING PERFORMANCE, ACCELERATED

When you buy Lenovo® Y50-70, you don't just get a gaming laptop. You get a gaming laptop that is faster, better and more powerful than the previous generation. The Laptop is built with a 4th gen Intel® Core™ i7 processor that's 15% faster than a 3rd gen processor and NVIDIA® GeForce® GTX 860M graphics card that's 60% faster than the previous generation.

IMMERSIVE SOUND FROM THE AUDIO EXPERTS

When it comes to sound, your Lenovo® Y50-70 offers the best of both worlds. Built with JBL® Stereo Speakers as well as a Dolby® Advanced Audio™ v2 Subwoofer, the audio quality of Lenovo® Y50-70 is unlike any other machine in the market. If your games weren't gripping enough already, the immersive sound courtesy of these experts will make getting out of gaming mode very hard to do.

VISUALS AS GOOD AS THE REAL THING

Lenovo® Y50-70's display is far superior to its competitor machines. With the Full HD Display, you won't just watch movies, you'll experience them. When you get into gaming mode, the colour, clarity and 1920x1080 resolution will transform mere games into missions. Don't be surprised when everything else seems ordinary in comparison.

MAKE THE BEST OF YOUR LENOVO®

The best part about owning a Lenovo is that it's equipped with a range of apps that make using and even learning about your Lenovo® Y50-70 a pleasure. Lenovo Motion Control, for instance, lets you navigate and execute commands through simple gestures. Lenovo Companion is an app where you can manage your laptop's health, configure updates and access everything related to your laptop in one place.

Work easy. Play hard.  Windows

LENOVO® FLEX 2 14

HIGH-PERFORMANCE COMPUTING WITH A DASH OF VERSATILITY

The World's First Dual-Mode Laptop with 300 degrees Flexibility

When it comes to Lenovo® Flex 2 14, it's never all work and no play. The dual-mode laptop can flip 300° to shift between its two modes – Classic Laptop and Stand – so you can achieve the perfect balance between work and play without compromising on performance. Ultra-portable with a Full HD display that delivers stunning visuals, Lenovo® Flex 2 14 is also available in a range of vibrant colours, making it all the more hard to take your eyes off the laptop. For those who believe there's only one way of doing things, Lenovo® Flex 2 is sure to prove them wrong.

WORK UNINTERRUPTED WITH LAPTOP MODE

When it's time to get down to business, Lenovo® Flex 2 14 can ensure maximum productivity. Placed on the Classic Laptop mode with the backlit AccuType keyboard to add to your comfort, Lenovo® Flex 2 14 lets you work uninterrupted with apps like Microsoft Office, Evernote and LinkedIn.

GET SOCIAL WITH STAND MODE

In one 300° flip, your Lenovo® Flex 2 14 can switch to the Stand mode. With no keyboard in your way, you can interact better with the 10-point multi-touch display while watching videos on YouTube, browsing Facebook or chatting on Skype.

MAKE A STATEMENT WHEREVER YOU GO

Lenovo® Flex 2 14 comes in a range of bold colours including the classic black and white. Choose from Neon Yellow, Flamenco Red, Graphite Grey, Ebony Black and Pearl White. As long as you're prepared for the attention that will follow, whichever shade you choose, you can't go wrong.

POWER UP AND STAY ON-THE-GO

Lenovo® Flex 2 14 was built for the on-the-go user. On a single charge, the laptop offers up to 6 hours battery life** and with the Lenovo Energy Management feature, the long-term durability of the battery stays protected. In addition, the laptop is extremely thin and light, so it can accompany you wherever you go, without weighing you down.

**Battery life is an estimated maximum. Actual battery life may vary based on many factors.

Lenovo® recommends Windows.

LENOVO® Z50-70

THE ENTERTAINMENT EXPERT IS HERE

Everyone loves entertainment, and when it's time for some, it's best to let the expert take over. Lenovo® Z50-70 is built for the multimedia enthusiast. From music to movies and games, the laptop combines Dolby® powered sound and Full HD visual magic to deliver a seamless, immersive experience. And once you've witnessed the power of Lenovo® Z50-70, going back to anything else is out of the question.

THE PERFECT ENTERTAINMENT HOST

Once you bring home Lenovo® Z50-70, you don't have to worry about keeping your company entertained. Pick any movie and the laptop will play every visual with stunning clarity on its Full HD display, while the Dolby® certified stereo speakers offer an amplifying sound experience. All you have to do is hit play and let the entertainment host take charge.

GIVE POWER TO YOUR GAMES

With stunning visuals and magnifying sound in place, the only thing left to create an amazing gaming experience is powerful graphics. Lenovo® Z50-70 is packed with the latest NVIDIA® graphics support, so the gaming enthusiast in you can play uninterrupted – just the way you need to, to win.

ENOUGH ROOM FOR YOUR MASTER COLLECTION

Lenovo® Z50-70 comes with as much as 1TB of storage, which means it has plenty of room for every movie, music and game in your collection, and anything else too. With the DVD/Blu-ray drive, you can even go ahead and install software and games without an internet connection, and you'll still have room for other files.

YOUR LAPTOP KNOWS WHO YOU ARE

When you login to your Lenovo® Z50-70, you can do so without typing or even scanning your fingers. Thanks to VeriFace™ Pro, the integrated webcam automatically recognizes you and logs you in. With this advanced face recognition software, you and your laptop will be inseparable.

Lenovo® recommends Windows.

LENOVO® G50-70

EVERYDAY COMPUTING MADE EFFORTLESS

When working on your laptop is an everyday requirement, you need a device that can make even the monotonous seem enjoyable. Like Lenovo® G50-70. Powered by 4th gen Intel® Core™ processors, it performs everyday tasks effortlessly. In addition, it also comes with built-in multimedia features that make viewing entertainment an absolute delight. Slim and portable, Lenovo® G50-70 Laptop will never weigh you down especially when it comes to your budget.

PERFORMANCE YOU CAN RELY ON EVERY DAY

Lenovo® G50-70 comes with a 4th gen Intel® Core™ i3 processor. This paired with the latest Windows 8.1 means your laptop will give you the best-in-class performance day in and day out. Sending emails, creating excel sheets or drafting documents, when you spend time with your laptop every day, you can be sure that Lenovo® G50-70 won't let you down.

ENHANCE THE WAY YOU CONNECT

On days when your tasks require you to work away from home or office, Wi-Fi connectivity and Bluetooth® enable your Lenovo® G50-70 to connect to the internet wherever you go. Further, the HDMI output means you don't have to worry about transferring your presentations to another medium. All you have to do is connect to a television or projector – it's that easy.

STORE MORE, SHARE FASTER

Lenovo® G50-70 comes with as much as 1TB of storage, which means it has plenty of room for every movie, music and game in your collection, and anything else too. And with the USB 3.0 SuperSpeed, you can transfer this data from your Lenovo® G50-70 to other devices up to ten times faster than previous USB technologies.

GET MAXIMUM SECURITY AND PROTECTION

Your Lenovo® G50-70 features VeriFace™ Pro, an advanced face recognition software that uses the integrated webcam to automatically recognize you and log you in. Further, with the Lenovo OneKey™ Recovery software, you can restore the system partition to its original status in case of a system failure or create user backups for easy restoration.

Lenovo® recommends Windows.

LENOVO® G50-45

THE ESSENTIAL COMPUTING EXPERIENCE

A Lenovo® G50-45 is the perfect device to start your journey with into the computing world. The affordable laptop combines a slim durable design with a comprehensive set of features. From great performance and multimedia functionality to comfortable computing and low maintenance, everything you need for a great basic computing experience is covered in one Lenovo® G50-45.

LENOVO® A740 ALL-IN-ONE

A MASTERPIECE MADE FOR YOUR HOME

Imagine bringing home a machine that is made of just four pieces of aluminium. The finish is so beautiful and the frameless display is so slim, it will warrant stares even when it's switched off. Of course, it'll rarely stay that way. Because once you switch this machine on, its power will blow you away. Entertainment, gaming, browsing – whatever the family pleases, the machine will do it brilliantly and not to forget, comfortably since its screen can be adjusted to anywhere from -5° to 90°. When everything at home starts revolving around this machine, don't be surprised.

STUNNING VISUALS FROM ANY ANGLE

Lenovo® A740's smartly designed display mount allows you to adjust it from -5 degrees to 90 degrees. That means you can watch it in a vertical position like a PC or television, slope it gently for relaxed touchscreen use, or slide it into a full horizontal position to play two-person touch games.

LOOKS GREAT, NO MATTER WHAT

Your Lenovo® A740 is not only powerful, it looks great too. The stylish, super-slim touchscreen tapers to a mere 3.81mm (0.15) at its thinnest point, while a full aluminium shell surrounds the A740's frameless display. Wherever you decided to place this machine, your home will never look the same again.

ENTERTAINMENT FOR THE WHOLE FAMILY

With a Full HD display that delivers dazzling visuals and JBL® designed stereo speakers enhanced with Dolby® Home Theatre® certification, Lenovo® A740 offers a rich, immersive entertainment experience. From animated movies to action-packed films, sci-fi documentaries to the latest music videos – whatever you choose to watch, it is sure to leave every family member in awe.

LENOVO MAKES THE ALL-IN-ONE EXPERIENCE SMOOTHER

Lenovo Motion Control and Lenovo Rescue System features that come inbuilt with your Lenovo® A740 ensure your computing experience is smoother and more efficient. With Motion Control, you can effortlessly flip pages, rewind/forward music, and gesture other simple commands with the flick of a hand while the Rescue System makes it easy to back up and restore data and recover system files — before entering Windows.

Lenovo® recommends Windows.

LENOVO® B40-30 ALL-IN-ONE

BUILT TO CAPTIVATE YOUR SENSES

Introducing Lenovo® B40-30, an All-In-One that creates a unique fusion of sound and sight to give you an entertainment experience like never before. Equipped with the latest features, it offers cutting-edge audio and visual quality, so this All-In-One will be the one thing you can rely on every time you decide to play host for movie night. Looks good, sounds beautiful and works powerfully – Lenovo® B40-30 is a treat for the senses.

VISUAL EXPERIENCE THAT'S A TREAT FOR THE EYES

Lenovo® B40-30 comes with a 54.61cm (21.5) IPS LED display and NVIDIA® graphics card that delivers stunning visual clarity, whether it's movies, music videos or even games. All you have to do is pick something to watch, after that moving away from the screen is near impossible. The In-Plane Switching (IPS) technology makes it possible to get this visual experience from wide angles.

AUDIO QUALITY THAT'S MUSIC TO THE EARS

Integrated dual speakers with audio enhanced by Dolby® Advanced Audio™ complement your visual experience perfectly. And even if you're only listening to the same old playlist, the immersive audio lets your mind travel to places beyond the four walls of your home. Lenovo® B40-30's audio quality is meant to put a smile on your face, even if it's out of disbelief.

PERFORMANCE THAT CHALLENGES YOUR MIND

4th generation Intel® Core™ i5 processors mean you have the power create and inspire. As the powerful performance lets you multitask with ease, the amazing battery life will challenge you to keep going until you reach perfection. And what's power without protection? Lenovo® B40-30's built-in security features help keep your data safer throughout.

CONTEMPORARY DESIGN THAT SAVES SPACE

When we say Lenovo® B40-30 can captivate your senses, we don't mean just its features. The All-In-One's compact design with clutter-free cable management and sleek metal stand will leave you surprised when you see how little space it takes up on your desk, counter or entertainment centre.

Lenovo® recommends Windows.

LENOVO® C470 ALL-IN-ONE

TRANSFORM THE WAY YOUR FAMILY WORKS, AND PLAYS

When it comes to choosing a Lenovo® All-In-One for your home, look no further than Lenovo® C470. The latest Intel® processors paired with high-end multimedia features make sure your family's productivity and entertainment needs are taken care of without any hassles. And of course, all this while saving space and being incredibly light on your pockets. Lenovo® C470 All-In-One is meant to redefine computing in every home, including yours.

PERFORMANCE YOU CAN RELY ON EVERY DAY

Lenovo® C470 comes with a 4th gen Intel® Core™ i3 processor. This paired with the latest Windows 8.1 means your laptop will give you the best-in-class performance day in and day out. Sending emails, creating excel sheets or drafting documents, when you spend time with your laptop every day, you can be sure that Lenovo® G50-70 won't let you down.

GET THE COMPLETE MULTIMEDIA EXPERIENCE

Like a true All-In-One, Lenovo® C470 offers you everything you need for an all-round multimedia experience. The stereo speakers paired with the LED display ensure crystal clear audio and visual, the integrated DVD reader/writer allows you to install games that are enhanced by the graphics support and the HDMI output lets you connect to a HD television or monitor with ease. And if that's not enough, the 720p HD webcam makes chatting with family and friends as good as being with them in person.

MAXIMIZE PRODUCTIVITY AT WORK

When it's time to get to work, Lenovo® C470 All-In-One ensures you are at your productive best. The AccuType keyboard not only looks modern but has ergonomic keys that allow you to type accurately, no matter how fast-paced work gets. And speaking of fast, the USB 3.0 SuperSpeed enables you to move even large files up to 10 times faster than other USB technologies.

LENOVO MAKES THE ALL-IN-ONE EXPERIENCE SMOOTHER

Your Lenovo® C470 always ensures your computing experience is smoother and more efficient. With Lenovo Assistant, an easy-to-use interface, you can organize your favourites, clean up history and junk files, as well as manage network connections and energy consumption. On the other hand, Lenovo Rescue System makes it easy to backup and recover system files, applications, drivers, and user files.

Lenovo® recommends Windows.

LENOVO® C360 ALL-IN-ONE

DISCOVER A NEW WAY TO DELIGHT THE FAMILY

Here is an All-In-One that every member of your family will appreciate. Lenovo® C360 is powered to take on everyday tasks with precision – whether it is online banking, school projects or maintaining a daily blog. And when it comes to entertaining the family, you don't have to look anywhere else. Lenovo® C360 delivers a rich and satisfying experience with crisp visuals and immersive sounds – something your little ones will truly enjoy. Bring home a Lenovo® C360, and explore new heights of home computing.

EFFICIENTLY POWERFUL IN EVERY WAY

Lenovo® C360 is built to meet everyone's computing needs. Packed with Intel® Pentium® processors, the All-In-One carries out whatever you ask of it without any hiccups. Whether it's projects and assignments for your younger ones, or working from home and paying bills for you, the same Lenovo® C360 is powered to be equally efficient for both.

SAY GOODBYE TO SPACE CONSTRAINTS

If there's one thing that any home can never have enough of, it's more space. A mere 50mm, Lenovo® C360 boasts clutter-free cable management, a sleek metal stand to store the keyboard and tool free design that makes it easy to install additional components or upgrades.

FAMILY ENTERTAINMENT IN YOUR HOME

There's nothing more important than spending quality time with the family and Lenovo® C360 takes care of that perfectly well. With the integrated DVD reader/writer, you can install games or play the latest movies without an active internet connection. With graphics support, LED display and Dolby® enhanced audio, your Lenovo® C360 will keep the whole family hooked.

LENOVO MAKES THE ALL-IN-ONE EXPERIENCE SMOOTHER

Your Lenovo® C360 always ensures your computing experience is smoother and more efficient. MAXIMIZE PRODUCTIVITY AT WORK

When it's time to get to work, Lenovo® C260 All-In-One ensures you are at your productive best. The AccuType keyboard not only looks modern but has ergonomic keys that allow you to type accurately, no matter how fast-paced work gets. And speaking of fast, the USB 3.0 SuperSpeed enables you to move even large files up to 10 times faster than other USB technologies.

LENOVO MAKES THE ALL-IN-ONE EXPERIENCE SMOOTHER

Your Lenovo® C260 always ensures your computing experience is smoother and more efficient. With Lenovo Assistant, an easy-to-use interface, you can organize your favourites, clean up history and junk files, as well as manage network connections and energy consumption. On the other hand, Lenovo Rescue System makes it easy to backup and recover system files, applications, drivers, and user files.

Lenovo® recommends Windows.

LENOVO® H30-50 DESKTOP

STYLE MEETS POWER IN ONE INCREDIBLE MACHINE

Lenovo® H30-50 is just half the size of a standard PC. But don't let that fool you. The Desktop may take up hardly any space but it delivers performance that is equivalent to a full-sized PC. Powered by 4th gen Intel® Core™ i7 processors, Lenovo® H30-50 is packed with enough muscle to keep up with the whole family. And while doing so, it manages to keep the workspace tidy and even adds an element of style with its tactile, brushed-metal facade.

5.1 Channel
Surround Sound

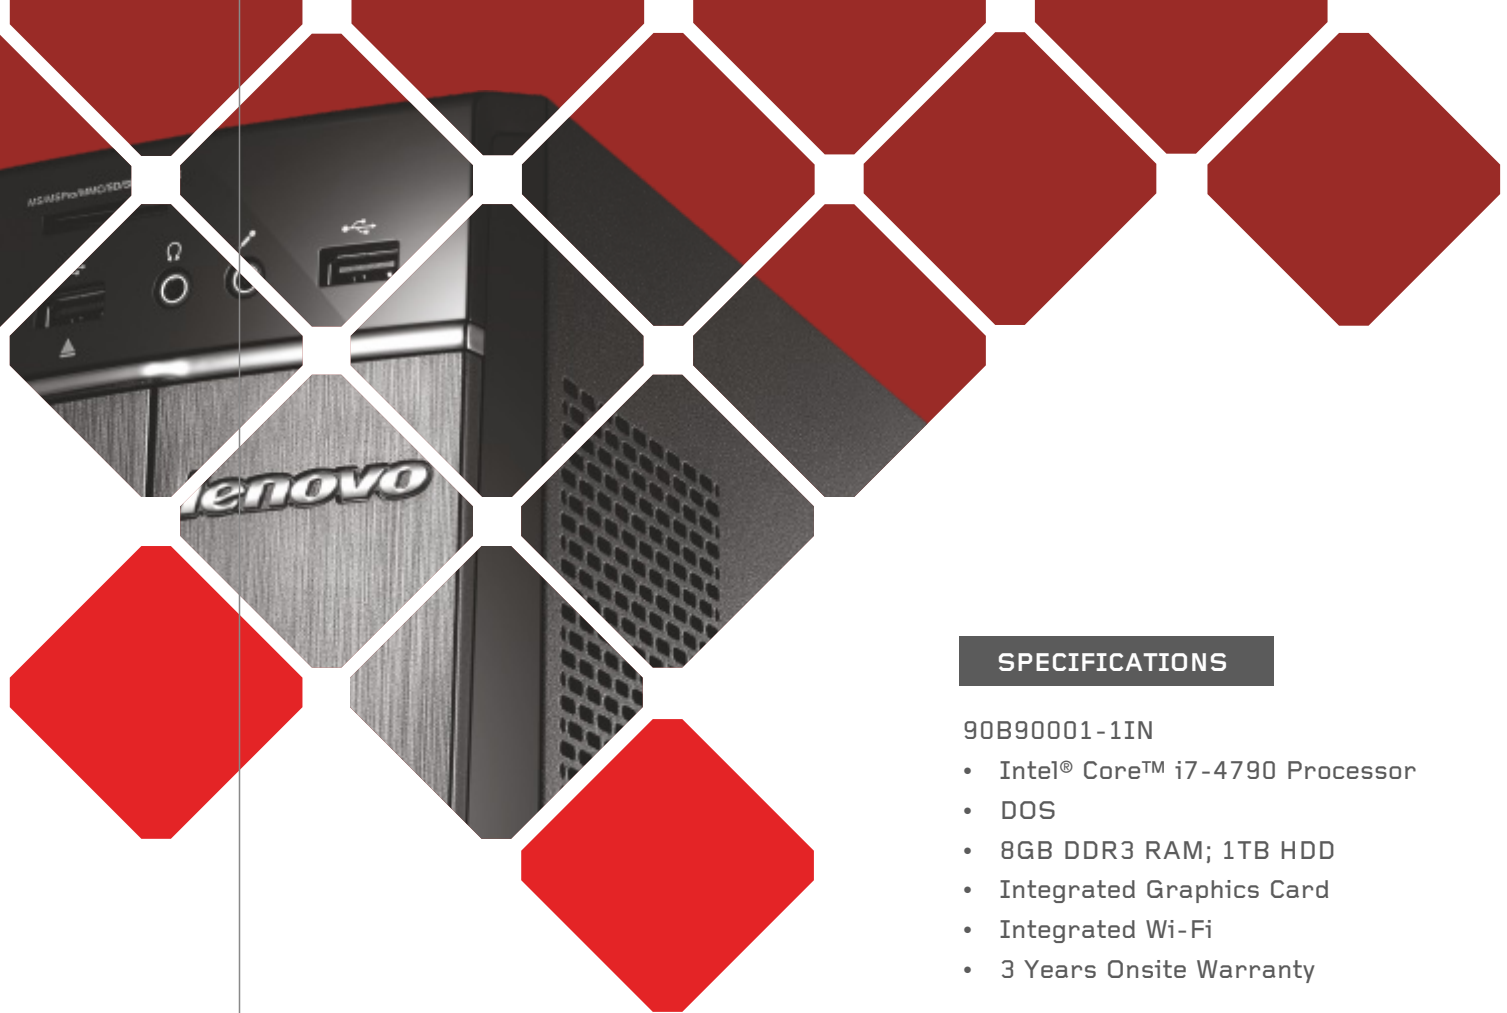

USB 3.0 SuperSpeed

Brushed-
Metal Facade

**Display sizes available in 46.99cm (18.5), 49.53cm (19.5), 54.61cm (21.5).

SPECIFICATIONS

90B90001-1IN

- Intel® Core™ i7-4790 Processor
- DOS
- 8GB DDR3 RAM; 1TB HDD

COMPLETE MULTIMEDIA EXPERIENCE

5.1 channel surround sound for immersive audio, HDMI output for convenient connectivity and DVD reader/writer for effortless movie watching – Lenovo® H30-50 Desktop offers all this and more so you don't have to look anywhere else for entertainment. You get the complete package in one great Desktop.

GREAT STORAGE CAPACITY FOR THE FAMILY

The more your Desktop can do, the more storage it needs. That's why, Lenovo® H30-50 has been thoughtfully equipped with as much as 1TB of storage. From photos and videos, to documents and presentations, all your data, and your family's, can be stored in one secure and reliable place.

LENOVO MAKES THE DESKTOP EXPERIENCE SMOOTHER

Your Lenovo® H30-50 always ensures your computing experience is smoother and more efficient. With Lenovo Assistant, an easy-to-use interface, you can organize your favourites, clean up history and junk files, as well as manage network connections and energy consumption. On the other hand, Lenovo Rescue System makes it easy to backup and recover system files, applications, drivers, and user files.

MOVE DATA FASTER THAN BEFORE

If your data ever needs moving, your Desktop can do it for you and do it at lightning-fast speed. With the USB 3.0 SuperSpeed, you can transfer data between your Lenovo® H30-50 and other devices up to 10 times faster than previous USB technologies. It also complements the convenience of the Desktop's 7-in-1 card reader.

Lenovo® recommends Windows.

LENOVO® H50-50 DESKTOP

ENTERPRISE-CLASS PERFORMANCE, FAMILY-FRIENDLY FEATURES

Often, home computing needs can be as demanding as an office and for those times, Lenovo® H50-50 is the ideal Desktop to have. It not only delivers responsive performance but also offers multiple features that are efficient yet easy-to-use. We like to say this Desktop has the perfect balance in being enterprise-class and family-friendly.

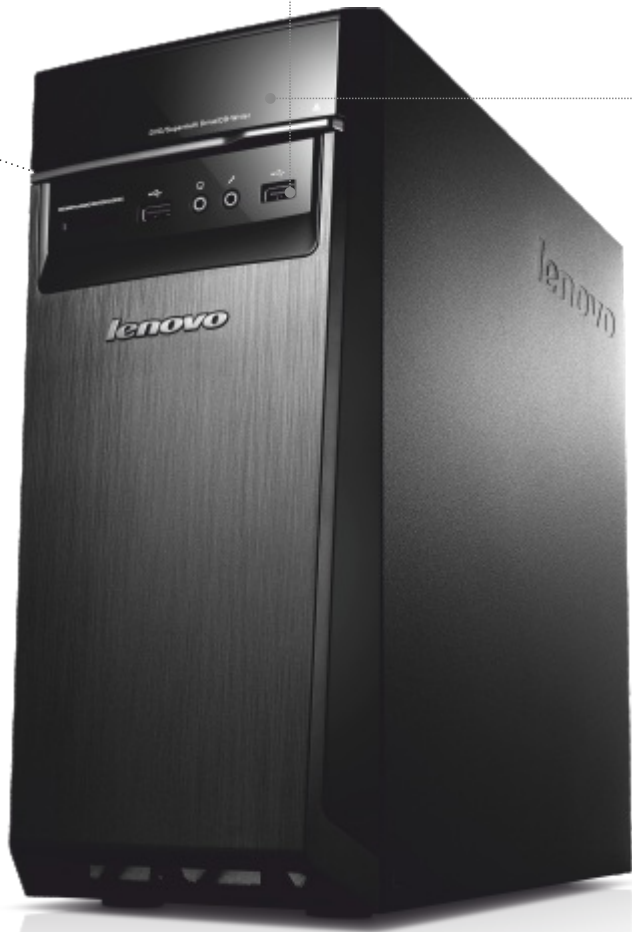

5.1 Channel Surround Sound

USB 3.0 SuperSpeed

DVD Reader/Writer

**Display sizes available in 46.99cm (18.5), 49.53cm (19.5), 54.61cm (21.5).

SPECIFICATIONS

- 90B7000-CIN
- Intel® Pentium® Processor G3220
 - Windows 8.1
 - 4GB DDR3 RAM; 500GB HDD
 - Integrated Graphics Card
 - 1 Year Onsite Warranty

PERFORMANCE THAT MATCHES ENTERPRISE STANDARDS

Powered by Intel® Pentium® processors, Lenovo® H50-50 can carry out whatever you ask of it without any hiccups. Whether it's projects and assignments for your younger ones, or working from home and paying bills for you, the same Lenovo® H50-50 has enough power to be equally efficient for both.

ENJOY ENTERTAINMENT AT ITS BEST

5.1 channel surround sound for immersive audio, HDMI output for convenient connectivity and DVD reader/writer for effortless movie watching – Lenovo® H50-50 Desktop offers all this and more so you don't have to look anywhere else for entertainment.

MOVE DATA FASTER THAN BEFORE

Transfer data quickly between your PC and other devices with USB 3.0, which enables file transfer up to 10 times faster than previous USB technologies, allowing for lightning-fast copying of large media files, as well as seamless connections between audio- and video-related peripherals. The USB 3.0 is also backward-compatible with USB 2.0 devices.

A DESKTOP WITH AN ASSISTANT

Your Lenovo® H50-50 will always ensure your computing experience is smoother and more efficient. Thanks to Lenovo Assistant, an easy-to-use interface, you can organize your favourites, clean up history and junk files, as well as manage network connections and energy consumption. With an assistant like that, you can't help but enjoy working on Lenovo® H50-50.

Lenovo® recommends Windows.

LENOVO WARRANTY SERVICES

Our comprehensive portfolio of award-winning services offers flexible options to support the needs of your personal or home-office PC. Warranty extensions, convenient in-home service upgrades, and Accidental Damage Protection keep your investment protected, and your personal data and files safe.

WARRANTY SERVICE AND SUPPORT

All Lenovo PC customers receive Lenovo's award-winning Warranty Service and Support. This means you get coverage and features you value most, with a fixed-term, fixed-cost service solution that fits your budget and allows you to accurately predict equipment expenses over the term of coverage.

Warranty Registration

To register for warranty, scan the invoice of the product purchased and send it to pop@lenovo.com.

Extensions & Upgrades

- Warranty Extensions are available for periods of up to five years (depending on your system) giving you a fixed-term, fixed-cost solution that allows you to avoid the hassles of unexpected repair costs.
- Warranty Upgrades allow you to optimize the level of service to meet your critical support needs. Upgrade to a convenient onsite option to avoid the downtime associated with depot mail in service.
- Sealed Battery Warranty extend the 1-year base battery warranty of your IdeaPad® Ultrabooks™ to 3 years and 1/7th the cost of standard battery replacement.

Depending on the initial base warranty of the system, service plans are available with the following standard service levels:

Carry-in or Mail-in Service¹: Parts and labor repair coverage where the customer is responsible for shipping (including packaging) or delivery to authorized warranty provider or repair center.

Depot or Courier Service: Parts and labor repair coverage where shipping (including packaging) or delivery to the repair center is paid for by Lenovo.

Onsite/In-Home Service²: Parts and labor repair coverage where labor is provided onsite at your place of business. If Lenovo determines your product problem is covered by the product warranty and cannot be resolved over the telephone, a technician will be dispatched to arrive onsite, typically the next day. Onsite + Tech Install of CRUs (Customer Replaceable Unit Parts) broadens your coverage to include onsite technician installation of CRU parts.

International Warranty Service (IWS)³: PC repair coverage for customers who require a critical warranty repair while travelling internationally (www.lenovo.com/internationalwarranty).

Additional Service level upgrades may be available in specific countries for a given Lenovo system. Special arrangements are possible upon request.

ACCIDENTAL DAMAGE PROTECTION

Lenovo's Accidental Damage Protection gives you peace of mind to know your investment and budget are protected from the hassles or unexpected repair expenses. It covers accidents beyond the system warranty and protects your PC from non-warranted operational or structural failures incurred under normal operating conditions.

What is Covered?

- Multiple repair claims, or one replacement of a comparable system if machine is beyond repair.
- Operating and structural failures resulting under normal operating conditions or handling.
- Minor liquid drops.
- Unintentional drops and bumps.
- Electrical surges.
- LCD screen cracks/breakage.

What is Not Covered?

- Theft, loss or fire
- Cosmetic damage
- Damage from intentional misuse
- Consumable parts (i.e. batteries)
- Improper maintenance
- Removal or alteration of parts
- External peripherals and accessories
- Unsuitable operating environment
- Keyboards, mice, printers and scanners
- Third-party products

You can minimize unexpected costs by paying for Accidental Damage Protection up front.

OPERATING SYSTEM BACKUP

When you purchase a Lenovo® product with bundled Microsoft Operating System:

- You need to back-up the OS on a DVD or a pen drive immediately.
- If you don't have a back-up of the preinstalled operating system, you need to purchase the Recovery Operating Disc from the Lenovo Authorized Service Center.

This is only applicable for Lenovo® machines with preinstalled Microsoft Operating System.

LENOVO SERVICE STATUS

Register your product online and check the status of your service order using the online status check tool.

LENOVO - THE WORLD'S NO. 1 PC COMPANY

Lenovo® was founded in 1984 and became a major global force after acquiring IBM's PC Division in 2005. Today, the Fortune Global 500 Company is the world's No. 1 PC company, valued at more than US \$34 billion and operating in over 160 countries. Our success is built on a culture of constant innovation. At Lenovo, designers and engineers are given the space and encouragement to experiment and challenge convention. This has helped Lenovo introduce revolutionary products that feature ground-breaking technology. As a result, Lenovo is the fastest growing PC company and has over 100 major design awards to its credit. Sleek in design and slick in performance, Lenovo computers are the most versatile, powerful tools for achievers who want to go the extra mile. Lenovo devices are used not only in boardrooms, but also miles above, on the International Space Station.

¹Carry-in or mail in service may not be available in all regions. ²Service is available during Lenovo's normal in-country business hours. Calls received after 4:00pm local time will require an additional business day for service dispatch. On-site service is available in metropolitan areas only. Next day service is not guaranteed. ³International Warranty Service is available, but regional differences in service level may apply. All products and offers are subject to availability.

THE FIGURES SPEAK FOR THEMSELVES

- No. 1 in worldwide consumer PC¹
- Lenovo has been growing faster than the industry as a whole for 18 quarters in a row
- Three Lenovo devices are sold every second²
- Lenovo is listed by Forbes as one of the world's most reputable companies.
- Lenovo is on Forbes' list of '10 High Tech Companies that are Genuinely Green'.

Lenovo® recommends Windows.
