PRECISION TAILORING

CRAFTED IN BANGKOK

## GARMENT CARE

CARING FOR YOUR CUSTOM GARMENT

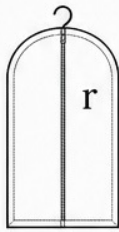

### AFTER WEAR

Allow your garment to rest between wears.  
Hang on a structured wooden hanger to preserve shape.  
Brush lightly if needed.

### STEAMING

Steam gently to release wrinkles.  
Avoid aggressive pressing or direct high heat.

### DRY CLEANING

Dry clean only when necessary.  
Over-cleaning shortens the lifespan of fine tailoring.

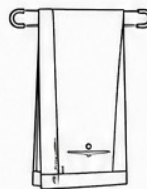

### STORAGE

Store in a breathable garment bag.  
Avoid plastic covers, humidity, and direct sunlight.

### TRAVEL

Transport using a garment bag.  
Hang promptly after arrival.  
Steam lightly before wear.

### TROUSERS

Preserve the crease by hanging properly.  
Avoid overfolding and excessive handling.

A COMPLETE SYSTEM OF TAILORING
