Please Note: These policies are in accord with recommended professional policies of the **Teacher's National Association** and the **Florida State Music Teachers Association**. Tuition fees take into consideration that I must provide all of my insurance, retirement, social security, and continuing education costs, as well as bear the expense of equipping and maintaining my Studio, instruments, libraries and other equipment and supplies. They also take into consideration that I spend even more hours in planning, study, scheduling, phone-calls, e-mails, bookkeeping and organizing other studio related responsibilities, than I do in actual lesson time. Teaching is my profession, my business, and my art; I wish to present and live up to policies that give me the time and financial security to devote most of my energy to the creative act of sharing music with people. I acknowledge my students' and their parents' place in a three-way relationship, and pledge to do my best to make music study a rich, growing experience for my students.

Termination of Lessons: Should a student/parent have a need to cease lessons, please be considerate with a one month notice, thank you. Three lessons are required during the summer months to retain your lesson time.
