Adult Guitar Club

(or anything with strings!)

MSoM will be running an adult guitar (or anything with strings) club this summer! This will be the 11th year of this fun summertime tradition, back after a few years off!

Here's how it works ...

We meet once a week for 90 minutes. Instruments are mostly acoustic (guitars, bass, mandolin, uke, banjo, and even a mouth harp makes an appearance from time to time). If you have a tablet of any kind, it is helpful to bring it along so that you can access the songbooks via the internet, or printed music can be provided if necessary. We go around the room and everyone gets to pick a song from an ever-growing list of about 150 tunes. We play a little folk, rock, blues, country, and bluegrass. Most participants sing along, but if you'd rather just play, that's fine too. You don't need to be a great player, as long as you know some basic chords, you'll do fine.

It's a great way to meet other players in a relaxed, friendly atmosphere.

The cost is \$150

Dates / Times: Wednesdays 7:30 - 9:00 from June 8th until August 31st. That's 13 weeks.

If you are interested - Email: lynne@malvernschoolofmusic.com by May 15th!

Please feel free to invite family and friends!

Summer Songwriting

Join other aspiring songwriters to write your own music! Learn the basics of song structure, arrangement, chords, beats and basics of cohesion, and perform your group's song for the rest of the camp attendees and family members at a short concert on the final day!

This week-long summer camp is for musicians 8 years old and up with at least 6 months of instruction on their instrument (all instruments welcome and variety is encouraged!) It will be held July 11-15 from 9am-3pm. Bring your lunch Monday through Thursday, and Friday will be a pizza day on MSOM!

The cost is \$575 for the week (includes pizza lunch on Friday)

Dates / Times: 9am-3pm
July 11-15, 2022

Meet your camp director, Erik Ryde

Erik Ryde is a lead guitarist and producer of several local bands ranging in styles from Progressive Groove Metal to Folk and Indie styles. He has particular interests in music theory and improvisation. He graduated from Berklee College of Music with a degree in Contemporary Writing and Production.
