

FIRE DANGER:

LITHIUM BATTERIES

Lithium-ion batteries – the kind in your cellphone, laptop, tablets and other devices, should **NEVER** be in your Garbage **OR** Recycling Containers.

They store so much high energy (even if they seem dead) that they can explode & cause fires when crushed!

Geary County HHW is your local battery recycler.

310 E 8th Street, Junction City KS (785) 238-3612

HHW/Recycling Center Hours: M-F: 8:00am – 4:00pm, 2nd Saturday of each month: 8:00am – 2:00pm
