

Playground World's Press Release

FOR IMMEDIATE RELEASE

Playground World Celebrates a Legacy of Helping Families Create Meaningful Outdoor Memories

Warrensville Heights, OH - July 2026 - For more than three decades, Playground World has remained committed to one simple mission: bringing families together through outdoor play. What began in 1990 as a small family-owned pet fencing business has grown into one of the region's leading destinations for premium outdoor play equipment.

As the company evolved, so did its vision. Recognizing the lasting impact that outdoor play has on childhood development and family connection, Playground World shifted its focus to helping families transform their backyards into spaces where children can explore, imagine, and create lifelong memories.

Today, Playground World proudly serves communities throughout Ohio, western Pennsylvania, and southern Michigan with nine convenient locations. Still family-owned and operated, the company is dedicated to delivering exceptional customer service and products that families can trust.

Playground World carefully selects high-quality playsets, trampolines, and basketball hoops designed with safety, durability, and years of enjoyment in mind. From personalized product recommendations and complimentary yard evaluations to professional installation, every step of the process is designed to make creating the perfect backyard experience simple and stress-free.

"Our commitment has always been about more than selling playground equipment," said Tony Adamic (owner). "It's about creating spaces where families can spend quality time together, children can stay active, and memories are made for years to come."

As families continue to prioritize time together at home, Playground World remains dedicated to helping make every backyard a place where fun, adventure, and connection thrive.

If you have a question about their products, services, installation, or how to schedule a visit please see below.
