More information such as Tee Times, Entry Fees, Entry Forms, etc can be found on website www.lasallegolf.com

During all this rainy weather it is especially important to try to stay off the fairways in order to keep from rutting them up. When dry enough you may cross the fairways only at the high spots that are not wet and soft. Pleas drive in the edge of the woods when possible. Please don't cross over from #4 tee or number #9 tee when wet. Left side of #1 is always wetter than right side.

MEMBERSHIP DRIVE

You get a free month's membership for each new member you get to join. The new member just fills out the new member form listing who influenced him to join.. New Membership Fee is waived. All he has to do is pay first month dues. You get a free membership after new member has paid two months dues.

Everyone wins !!

MEMBERSHIP ASSESSMENT

Messages from Board Members:

"After much discussion, the unanimous decision of the board is to add a \$100 assessment for each member on the March 2018 statement.

The funds generated will be dedicated to necessary pool upgrades and improvements expected to cost approximately \$15,000.00. The pool is vital to the club since some members ONLY use the pool, never play golf, but have always supported and helped pay for necessary improvements to our course.

If you have any questions, please contact Slick or any Board Member.
Darrell McCartney

"There will be a \$100 member assessment on the March 2018 statement as unanimously approved by your Board of Directors at it's January 2018 meeting. The funds raised will be dedicated to necessary pool maintenance and improvements expected to cost a minimum of \$15,000.00, and for which funds are otherwise unavailable. This assessment may be broken up into two payments upon request."

Dr. Robert Kendrick and Steve Kendrick

Repairs are a must for our swimming pool which will cost a minimum of \$15,000. Each member will be assessed \$100 on their March Billing Statement which if need be can be made in two payments of \$50. A large number of our members belong to the Club only to use the pool and their membership helps keep our Club including our golf course open. Your support will be very much appreciated by everyone.
Carl Newburg, Layne McGuffee, Joe Wilson, Slick Joiner

These comments above are from several of our Board of Directors. No one wants to raise dues or have assessments but sometime there is just no other way in order to maintain our Club and it's facilities. The secret to keeping the dues low and not having to have assessments is to increase the number of members. The membership drive is still in force. If you influence a new member and they fill out the Membership Drive Form after they pay two months dues you get a FREE MONTH'S DUES. By having an up to date well functioning pool we may be able to attract more new members. In Parish guest are welcome to pay a guest fee and play two rounds of golf to see if they would like to join. In order to have a golf course we need the members that only use the pool. Now is the time to step up and support the upgrade. Everyone wins !!

All Board of Directors agreed unanimously that an assessment was the best solution to this matter of updating and improving the pool.
