Take your pick of the Registered Heifers that are ready to breed for the first time! The Minimum Bid Price for the Angus Heifers is \$5,000, and \$3,500 for the Optimizer heifers.

These heifers have been developed on just grass. You can pick as many as you like, but let us know before the October 17th Kickoff. If anyone else has picked the same animal, we will call you for a quiet auction. Otherwise, it is first come, first served.

This is a limited time offer, only available until November 1, 2024.
