

Running Age commercial cows bred for Spring 2022

These cows were all born on Tower Hills Ranch, and are sired by Tower Hills Ranch registered bulls and out of Tower Hills' closed herd of fancy Angus and Optimizer commercial cows.

They are all bred to Tower Hills Ranch registered bulls.

They weigh about 1,400 pounds.

These cows were aged by examining their teeth and pregnancy tested by palpation on September 14, 2021 by Tony Small, from Flying Cow Genetics, Welch, OK

These ages and estimated gestation periods are not guaranteed, but are the best guess of an impartial professional
