# Welcome to Tower Hills Ranch fall 2020 private treaty kickoff!

2020 has been a tough year on many fronts, but here in the great Osage we have been blessed with timely rains and a great growing season. Our grass is some of the finest native range on the planet and we develop our registered cattle based on how they perform on grass. The bulls were fed a moderate corn-based ration in a grass trap for 108 days last winter and gained 2.8 lbs./day. They have been on grass alone since April 6, and gained 320 pounds to September 9. They are grass hardened and ready to breed your cows without falling apart. They are up near our headquarters and can be shown at a customer's convenience any time before the kickoff.

We will publish a list of asking prices on October 3, 2020, and will start selling the cattle at 10:30 am on Saturday, October 10th. The asking prices will be published on our web site at TowerHillsRanch.com. If you are interested in a particular animal at our modest asking price we encourage you to let us know, **with your contact information**, before the kickoff. No animals will be sold before kickoff, but at kickoff it is strictly first come first served. Where multiple customers have expressed interest in the same animal before kickoff we will call you and have a quiet auction between those customers on the list. We are taking \$100 off our asking price for all bulls sold on October 10.

Sale Kickoff Day!**

## Breeding Guarantee

All the bulls offered have passed a Breeding Soundness Exam performed by Reproduction Enterprises, Inc. in 2020. We guarantee them to be fertile for the first breeding season. If a bull fails to settle your females we will provide one of the following: 1) A satisfactory replacement, if one is available. 2) Credit on a future Tower Hills Ranch animal— equal to the purchase price less salvage value. The “first breeding season” is defined as the first three months (90 days) following the day of turn out. This is not a mortality insurance policy on your purchases. We suggest contacting an insurance representative to inquire about mortality insurance. Tower Hills Ranch will not replace an animal due to death or injury. We do ask you to contact Tower Hills Ranch immediately upon discovery of a failure to breed and within the first breeding season time frame.

## Key

Bulls highlighted in yellow (and wearing yellow ear tags) are registered Optimizers registered with the Salers Association. The percentage of Salers blood is shown next to their birthdate under their name on each animal. They are all mostly Angus with the percentages of Salers ranging from 12.5% to 37.5%. The bulls highlighted in blue (and wearing blue ear tags) are 100% Angus and registered with the Angus Association.

## Be our Guest

Come join us at the ranch on October 10, 2020! Bulls will start selling at 10:30 a.m. on a first come first serve basis.

Bull prices will start at \$2000.00.

This is the heaviest bull in the offering. He was also the heaviest bull on weaning day. With a modest 78 pound actual birth weight, he is one of those rare spread bulls that you can use on heifers or cows to get big calves.

This bull was our favorite from our 2014 calf crop. He is a proven low birth weight, easy calving sire with moderate mature size, and rapid growth. He holds his flesh on winter grass better than any bull we have ever had! He was awarded Top Sire among Salers bulls based on the actual performance of 6 sons we sent to the Midland Bull Test in Montana that finished in 2020. Semen available.
