# TOWER HILLS RANCH

## *Welcome to Tower Hills Ranch fall 2021 private treaty kickoff!*

We are excited to offer a great set of cattle this year! It is an exciting time to be in the cattle business, with a bright market expected for next summer. Many market gurus are saying \$2 calves are coming. We are offering our entire crop of 40 bulls born in the spring of 2020. We fed these bulls a limited corn based ration for 100 days last winter to measure their carcass merits when we scanned them as yearlings. Other than that they have lived off of grass and cake like our commercial cattle do. They are grass hard, 18 months old, and ready to get to work on your cows. It is easy to spend twice as much for a yearling that has been on ration in a pen since weaning at other bull sales, but you won't easily find any genetics anywhere that work as good on grass. We do hope that you will call us and come look through the cattle before the sale.

We will publish the list of asking prices by October 2, 2021, and will start selling the cattle at 10:30 a.m. on Saturday, October 9, 2021. The prices will be published on our web site at [TowerHillsRanch.com](http://TowerHillsRanch.com). There are also videos there of all the cattle. If you are interested in a particular animal at our modest asking price we encourage you to let us know, with your contact information, before the kickoff. No animals will be sold before kickoff, but at kickoff it is strictly first come, first served. Where multiple customers have expressed an interest in the same animal before kickoff we will call you and have a quiet auction between those customers on the list. You don't have to be at the ranch to buy the cattle. We are taking \$100 off the asking price for all bulls sold on October 9.

## Breeding Guarantee

All the bulls offered have passed a Breeding Soundness Exam performed by Reproduction Enterprises, Inc. in 2021. We guarantee them to be fertile for the first breeding season. If a bull fails to settle your females we will provide one of the following: 1) A satisfactory replacement, if one is available. 2) Credit on a future Tower Hills Ranch animal— equal to the purchase price less salvage value. The “first breeding season” is defined as the first three months (90 days) following the day of turn out. This is not a mortality insurance policy on your purchases. We suggest contacting an insurance representative to inquire about mortality insurance. Tower Hills Ranch will not replace an animal due to death or injury. We do ask you to contact Tower Hills Ranch immediately upon discovery of a failure to breed and within the first breeding season time frame.

## Key

Bulls highlighted in yellow (and wearing yellow ear tags) are registered Optimizers registered with the Salers Association. The percentage of Salers blood is shown next to their birth date under their name on each animal. They are all mostly Angus with the percentages of Salers ranging from 25% to 50%. The bulls highlighted in blue (and wearing blue ear tags) are 100% Angus and registered with the Angus Association.

Upgrade is Joe's favorite Angus bull anywhere. Low birthweight, good feet, great disposition, straight-backed, and performance on grass and feed that matched our best Optimizers, this bull has an unusually strong hindquarter and is just a beautiful animal. He will upgrade any registered Angus herd. He is the only bull in the sale that probably isn't a virgin because he spent the summer with 93 bred for fall registered cows. He still gained 340 pounds while roaming the 640 acre pasture. If he sells we are retaining half the semen interest.

This Charlo son out of an SAV Potential daughter was Joe's favorite Optimizer bull ever at Tower Hills. He had a moderate birth weight, outstanding growth and carcass, a good temperament, and was just a beautiful animal. That is why he was given the family name of Drummond.
