TOWER HILLS RANCH

Welcome to Tower Hills Ranch spring 2024 private treaty kickoff!

We are really excited about this calf crop of bulls that were born between July and November, 2022. As always, we list every bull in the crop, some of which we may keep for either our commercial or registered cows. but all are offered for sale on kick-off day. We fed these bulls a corn ration for 116 days prior to taking their yearling weights and carcass merit ultrasound scans. They were fed a limited ration of 2% of their body weight, and have never been “fat”. They have been wintered on grass and 8 pounds of 14% cottonseed cake, and will hold up after you turn them out.

Our Angus genetics are heavily influenced with Schaff Angus Valley bloodlines, crossed up with other select northern breeders such as Coleman and Hinman. Our Optimizer bulls incorporate those same lines with the Salers breed as developed by Joe Gibson and updated from MacDonald and GG&T. I really like the hardiness, ranginess, and upgraded maternal traits I see from blending these Angus with these select Salers. Optimizers (Angus X Salers) make a great cross which the feedlots are bidding up for when we sell our steers because they like the hybrid vigor, increased yield, and high percentage CAB. You can get the same genetics from those breeders, but it will cost you 3 times our minimum bid prices, and those over-fattened bulls will fall apart after you turn them out.

This catalog has the minimum bid prices on all the bulls. If you are interested in a particular animal at our minimum bid price you should let us know, **with your contact information**, before the kickoff. No animals will be sold before kickoff, but at kickoff it is strictly first come, first served. Where multiple customers have expressed interest in the same animal we will call you (if you aren't here) and have a quiet auction between those customers on the list. We are taking \$100 off the minimum bid price for every bull that sells on April 18.

The bulls are kept close and are easy to show. We encourage you to call Joe or Lance anytime before Kickoff to schedule a personal showing.

We will offer a limited number of registered and commercial females that are not included in this catalog. Check our web page at TowerHillsRanch.com for details prior to the kickoff.

2024 Private Treaty Sale Kickoff

Thursday | April 18, 2024 | 10:30a.m.
Tower Hills Ranch | Shidler, Oklahoma

Breeding Guarantee

All the bulls passed a breeding soundness exam. We guarantee them to be fertile for the first breeding season (3 months following turnout). If a bull fails to settle your cows we will provide either a satisfactory replacement or a credit on a future Tower Hills Ranch animal equal to purchase price less salvage value. Tower Hills Ranch will not replace an animal due to death or injury. We guarantee fertility only. We do ask you to contact us as soon as you discover a failure to breed and within the first breeding season.

Key

Bulls highlighted in yellow (and wearing yellow ear tags) are registered Optimizers registered with the Salers Association. The percentage of Salers blood is shown next to their birth date under their name on each animal. They are all mostly Angus with the percentages of Salers ranging from 12% to 62%. The bulls highlighted in blue (and wearing blue ear tags) are 100% Angus and registered with the Angus Association.

Be our Guest

Come join us at the ranch on April 18, 2024! Bulls will start selling at 10:30 a.m. on a first come first serve basis.

Bull prices will start at \$2800.00, the full price list is available on page 11.

All cattle can be previewed ahead of time, contact Lance at 208-392-8844

Directions to the Sale Site

5661 Foraker Rd. | Shidler, OK 74652

12 miles west of Pawhuska, OK on HWY 60 (or 7 miles east of the intersection of HWY 60 and HWY 18), then 5 miles north on Foraker Rd.

Females

We will offer a limited number of registered and commercial females that are not included in this catalog. Check our web page at TowerHillsRanch.com for details prior to the kickoff.

This is very unique Optimizer. His sire was the best performing bull from his calf crop, and was athletic with lots of libido. He jumped the fence to breed our Angus donor cow that is a full sister to SAV Resource and Renown. He had a moderate birth weight, was near the biggest at every other day we weighed. He is a mobile, large framed animal that should sire excellent daughters. He was one of the best gainers on grass and turned in the second largest ribeye area on scan day.

Chuba is one of my favorites in this calf crop. He has extraordinary depth of rib and width. He was the biggest gainer on grass, and is out of maybe our best cow for growing calves. His sire is one of my favorite Angus AI studs (semen no longer available), and was the sire of THR Drummond 907. This bull belongs in a registered herd!

This bull has the lowest birthweight in his calf crop, and 3 low birthweight sires in his pedigree (Registry, Legacy, and Chunk). Use him on the smallest of heifers for easy calving. He is a moderate to small framed bull, with a wide and round shape and turned in an above average ribeye area in spite of being the lightest bull in the crop. He is an easy keeper that will sire the same.

14.1	-1.1	69	109	28	0.4	0.37	80	566	1360

This is a high performance bull by Drummond 907 out of the Champ family. He weighed 80 pounds at birth and was among the heaviest bulls at every weigh-up since then. He also had the best carcass traits on scan day, with both a large ribeye and IMF. He does have scurs, and could sire horned calves if bred to horned cows. Use him on heifers or cows, keep daughters.
