Continues until the last bull is sold - call after the sale date for availability.

46 REGISTERED ANGUS & OPTIMIZER BULLS
70 COMMERCIAL SPRING BRED HEIFERS
51 COMMERICAL HEIFER PAIRS

TowerHillsRanch.com

$250 Off Minimum Bid on every bull that sells November 5th!

Joe: 918-629-2554 • Lance: 208-392-8844 • 5661 Foraker Rd., Shidler, OK 74652

Welcome to Tower Hills Ranch Fall 2026 private treaty kickoff!

Our cattle start selling on November 5th and continue until all cattle are sold

We are taking $250 off the Minimum Bid Price for every bull that sells on November 5

What a great time to own cattle! The national cow herd is at a record low, and calf prices are at a record high. Investing in beef cattle is working. My grandfather, A.A. "Jack" Drummond, told me "Your bull is half your herd. The cheapest way to improve your herd value is to buy a good bull". We started out with 60 registered bulls, and culled them down to the best 43 shown in this catalog. We weaned them on October 17, 2025 and fed them a corn ration for 108 days last winter. We only fed 2% of their weight daily so that they never got fat, but we could measure their corn performance and relative carcass merits. On full feed our commercial steers gained 4.5 pounds per day and graded 98% choice or better.

After coming off the feed test we ultrasounded them to determine relative carcass merits then put them on grass over the summer. See the performance table on page 14-15 for a snapshot of how each animal did at every step. The result is that we are selling these bulls in great working condition and they can service your cows without falling apart.

If you are interested in a particular animal at our minimum bid price you should let us know, ***with your contact information***, before the sale kicks off. No animals will be sold before kickoff, but at kickoff it is strictly first come first served. Where multiple customers have expressed an interest in the same animal we will call you if you aren't here and have a private auction between the customers on the list. We have intentionally set our minimum bid prices extremely low in the hope of generating competitive bids.

Call Lance or Joe to come look through the bulls between now and November 5. We start selling the bulls at 10:30 am on November 5, followed by the females. Any that don't sell on November 5 are still for sale at the Minimum Bid Price until sold. ***We are taking $250 off the Minimum Bid Price on every bull that sells on November 5th.***

2026 Fall Private Treaty Sale Kickoff

Thursday | November 5, 2026 | 10:30a.m.

Tower Hills Ranch | Shidler, Oklahoma

Breeding Guarantee

All sale bulls passed a Breeding Soundness Exam. We guarantee them to be fertile for the first breeding season (3 months following turnout). If a bull fails to settle your cows we will provide either a satisfactory replacement or a credit on a future Tower Hills Ranch animal equal to purchase price less salvage value. Tower Hills Ranch will not replace an animal due to death or injury. We guarantee fertility only. We do ask you to contact us as soon as you discover a failure to breed and within the first breeding season.

Key

Bulls highlighted in yellow (and wearing yellow ear tags) are registered Optimizers registered with the Salers Association. The fraction of Salers blood is shown next to their birth date under their name on each animal. They are all mostly Angus with the fraction of Salers blood ranging from ¼ to ½, with one Full Blood Salers bull. The bulls highlighted in blue (and wearing blue ear tags) are 100% Angus and registered with the Angus Association.

Be our Guest

Come join us at the ranch on November 5, 2026! Bulls will start selling at 10:30 a.m. on a first come first serve basis.

The full bull price list is available on the inside back cover.

All cattle can be previewed ahead of time, contact Lance at 208-392-8844

Directions to the Sale Site

5661 Foraker Rd. | Shidler, OK 74652

12 miles west of Pawhuska, OK on HWY 60 (or 7 miles east of the intersection of HWY 60 and HWY 18), then 5 miles north on Foraker Rd.

Females

Pick of Registered Virgin Heifers: We have 50 registered females that will be bred mid-November. This is our entire crop, no reserves. Take your pick of the Angus for $7,000 or the Optimizers for $6,000. Any number. Details with videos at TowerHillsRanch.com. ***They are for sale on November 5th only.***

Commercial Females: we are selling 70 commercial heifers bred to our best bulls for spring calving and 51 first calf heifer pairs. Details will be online at TowerHillsRanch.com with more information on page 12-13.

Minimum Bid: $12,000

Fred is one of the most outstanding bulls we have ever raised. He was the heaviest of his calf crop every time we weighed him. He had a 1.15 weaning weight per day of age ratio, 430 pounds gained on feed, and the biggest Rib Eye on scan day. We are storing semen on him and will be using him in our registered program. All that performance in such a stout, good looking package. Based on his pedigree he should be safe to use on heifers.

8	1.3	70	113	22	0.22	-0.004	75	622	953	43

Minimum Bid: $6,000

The youngest bull in the calf crop, he had a 75 pound birth weight and one of the largest scrotal circumferences in the group. He is a good looking bull that was frightened when sorted off for filming.

Purchase these commercial females backed by nearly four decades of investing in the best bulls possible.

We are changing the way we sell commercial females. We will have an auction at the ranch on November 5, 2026 after the bulls sell. We will offer the heifers in two separate groups, giving buyers the opportunity to select the number of cattle that best fits their operation:

51 Fall-Calving Heifer Pairs

Two-year-old, solid black commercial heifers weigh approximately 1,150 pounds. Calves began arriving August 22, 2026, and are sired by Tower Hills Ranch registered bulls. This is an excellent opportunity to add productive young pairs with proven genetics and immediate value. ***Minimum bid $4,800.***

70 Spring-Bred Commercial Heifers

Weighing approximately 1,050 pounds and due to calve from March 15, 2027 until May 15, 2027. These heifers are bred to our best Tower Hills Ranch registered low-birth-weight bulls, offering buyers a strong opportunity to add uniform, well-developed females to their spring-calving program. ***Minimum bid $3,800.***

Each group will sell by buyer's option. Heifers will be gate sorted, with the buyer having the option to cut. Once the buyer's purchase is complete, bidding will reopen on the remaining cattle. This process will continue until each group is sold, giving buyers multiple opportunities to participate and build the group that best suits their needs. Calves have all been tagged to their dams.

Contact Lance (208-392-8844) to preview cattle ahead of time. Bidding can be done in person or through phone on day of sale. If you cannot attend the auction please let us know in advance, with your contact information, and we will call you when your group starts selling. Updates and videos will be posted to the Commercial Females page at **TowerHillsRanch.com**

- This table shows the relative performance information on each bull. They are in order by age, with the oldest first and the youngest last. A 3 month spread. All the weights are unadjusted actual weights on the dates above each column. The performance measures in red highlight the best performers in each category. These bulls were fed a corn ration limited to 2% of their body weight for 108 days prior to ultrasounding. They were never fat, but the ribeye area and intramuscular fat (IMF) measures indicate which bull's steaks would be the biggest and the juiciest. + indicates the 5 best carcass bulls, * means above average on both Rib Eye and Intramuscular Fat.
- The Wean WDA (Weight per Day of Age) ratio column shows which bulls grew the fastest while they were nursing. It is a measure of relative maternal power.
- The Grass Gain column shows how many pounds they gained in the 95 days after being fed corn until August 1.
- Scrotal circumference is shown (in centimeters) because university studies have shown a correlation between scrotal circumference and his daughters' fertility rates.

What is a Good Bull Worth in 2026?

Mark Z. Johnson, Oklahoma State University Extension Beef Cattle Breeding Specialist

With the onset of The Cattlemen's Congress currently taking place in Oklahoma City, the spring 2026 bull buying season has officially started. The full schedule of sales during the Cattlemen's Congress. Bull buying season will continue into the spring months, in Oklahoma and across the nation with progressive seedstock operations offering yearling bulls. Accordingly, it's time to revisit the age old question. **What is a Good Bull Worth in 2026**?

The Answer

As a student at Oklahoma State University in the mid-1980s, I was taught "A good bull is worth the value of five calves he sires." It is a good answer and a good rule of thumb to follow, the problem is it doesn't exactly narrow down the range. As always, we need define "a good bull," check current market reports, answer some questions about how we intend to market future calf crops, and do some "cowboy math" to arrive at a more precise answer.

What is considered a "Good Bull"?

For this discussion, qualifications to meet "Good Bull" status are:

- A bull that sells with a registration paper which includes pedigree information and a complete set of genetic values (including EPDs and Bio-economic indices) to be considered in the selection process.
- A bull that has passed a Breeding Soundness Exam (BSE) and sells with a breeding soundness warranty (terms will vary).
- A bull that will add value to calves sired because he fits your breeding objectives, production system and marketing plans.

When are we marketing our Calves? What is their Value?

Using the end of year market prices for 2025 from Dr. Derrell Peel's article in the December 29th, 2025 issue of the Cow-Calf Corner newsletter:

500 lb. weaned steer calves were worth about $4.80/lb. for a value of approximately $2,400 per head. Therefore, if my future marketing plan is to sell weaned steers, $2,400 x 5 = $12,000 is the answer.

800 lb. yearling steers were worth about $3.50/lb. for a value of $2,800 per head. Therefore, if my future marketing plan is to sell yearling steers, $2,800 x 5 = $14,000 is the answer.

1,500 lb. finished beef steers were worth $2.29/lb. live for a value of $3,435 each. Therefore, if my future marketing plan is to retain ownership through finishing and sell fed cattle on a live weight basis, $3,435 x 5 = $17,175 is the answer.

So, in the current market, a good bull is worth somewhere between $12,000 - $17,175 to a commercial cow-calf operation. Where exactly in that range depends on your marketing plan and the market conditions at that time. Not an exact number because there are many variables in play. One key point illustrated here is that the longer you own the offspring before marketing, the greater the value of the bull to your operation. Retained ownership gives you more time and opportunity to capture the value of your investment in genetics. **It is noteworthy that we haven't considered the value added to replacement females a bull will sire. Bulls used to sire the next generation of cows have an *even greater* long-term economic impact on the profit potential of your operation and should be valued accordingly.**

I encourage cow-calf operations to consider their breeding goals, production system and marketing plan. Doing so should dictate where to apply selection pressure. Genetic values pay when you purchase bulls capable of improving genetic potential for the specific traits that will translate to added value at your intended marketing endpoint.

Minimum Bids on Bulls

Name	Breed	Bid Price
THR Fred N6	3/8 Salers	$12,000

If you are interested in a particular bull at our minimum bid price you should let us know, with your contact information, before the kickoff. No animals will be sold before kickoff, but at kickoff it is strictly first come, first served. Where multiple customers have expressed interest in the same animal we will call you (if you aren't here) and have a quiet auction between those customers on the list. We are taking ***$250 off the minimum bid*** price for every bull that sells on November 5th!

Contact Joe Bush, owner (918) 629-2554 or
Lance Campbell, manager (208) 392-8844
to discuss which cattle you would like to buy.
