

Specification

A niche ceiling fitting which can be alternatively worked into decorative design, the FP-CE3 offers a unique spherical design for varying application.

With two silicone O-rings it offers extra protection in outdoor or wet conditions as well as extra security when fixing into a ceiling/wall.

The exposed lens gives a wider beam angle to allow fibre to be seen from a broader view.

The FP-CE3 is ideally used for EndGlow: EG4.0, EG8.0 and EG12.0

Technical Information

Material	Aluminum
Weight	17g
Size	32mm
Mounting Hole Size	7mm
Min. Fibre Size	3.2mm
Max. Fibre Size	5.5mm
