

Specification

A small sized submersible polycarbonate fitting perfect for water features, swimming pools and fountains.

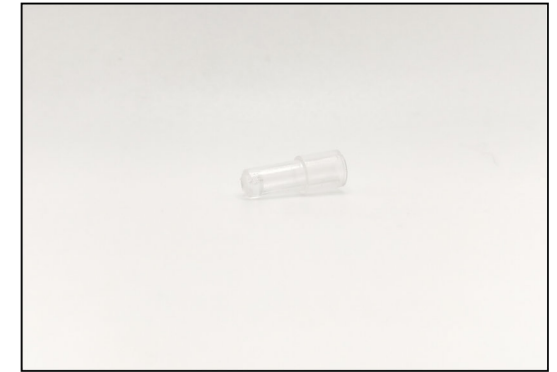

This small fixture has been designed to fit inbetween the grouting of tiles to create a flush effect in swimming pools and water features alike.

It is specially designed to combat swimming pool chemicals to ensure longer lasting fibre and avoid discolouration over time.

The FP-SM1 is ideally used for Endglow fibre: EG0.75, EG1.0 EG1.5 and EG2.0

Technical Information
