THE MOTHER WATCH

**She had to know that we were safe
before she went to rest / She seemed to
fear the world might harm the ones
she loved the best.**

**And once she said: "When you are
grown to women and to men / Perhaps
I'll sleep the whole night through;
I may be different then."**

**And so it seemed that night and day we
knew a mother's care / That always
when we got back home we'd find her
waiting there.**

**Then came the night that we were called
to gather round her bed: "The children
all are with you now," the kindly doctor
said.**

**And in her eyes there gleamed again the
old-time tender light / That told she had
been waiting just to know we were all
right.**

**She smiled her old-familiar smile, and
prayed to God to keep / Us safe from
harm throughout the years;
and then she went to sleep.**

.... Edgar A. Guest

**If you love someone let them know it
Let the words of love be said
Do not wait till they are under clover
For they cannot read their tombstone
When they are dead**

RAISING BOYS

**"He who gathers crops in the summer is a
wise son; but he who sleeps during harvest
is a disgraceful son."**

(Proverbs 10:5)

**Adrian Rogers told of the farmer whose
boys had to work in the corn fields several
hours each day while their friends were
spending the summer playing and fishing
all day. A neighbor knew he had more corn
than he needed so he asked him why he
didn't plant less so his boys could take the
summer off. The man said, "I'm not raising
corn; I'm raising boys."**

**Junior Samples on *Hee-Haw* said, "Hard
work will not kill you. I can lay down
and go to sleep right beside it."**

Others Say

**The heights by great men, reached and kept
Were not attained by sudden flight.
But they, while their companions slept
Were toiling upward in the night.**

**If you want to leave marks in the sands of
time – wear work boots! / If you look for luck
you will see that the harder you work the
more luck you will be.**

**The only place success comes before work
is in the dictionary.**
