

NDR Nationals 2024 - Schedule Summary

Updated 06/24/2024

Format Changes for 2024

- All Inspections are scheduled to be completed on Friday, avoiding overlap with racing events which pull resources away from the inspections.
- All drivers are expected to take a minimum of 1 Safety/Practice run down the hill per car.
- Inspections will open at 8 am on Friday. Please note that we have set times where each division must be in line by to ensure they all flow through inspections with adequate time for Safety/Practice runs and to allow us to complete inspections within the designated time frame.
- There will not be qualifiers this year. If you are registered, you are racing in the National Championship race. We have split the race events up across multiple days.
- We have brought back the Awards Banquet versus just an Awards Ceremony. It will be held Sunday evening. We hope all are willing to stay, enjoy some time together and celebrate our Champions.
- Monday, Labor Day will be a travel day
- The City of South Charleston and the South Charleston Soap Box Derby have planned for access to numerous facilities and activities for off-track family fun. We hope you will enjoy the area and enjoy family time on and off the track.
- **NEW:** Drivers may race in Masters Division along with either Stock or Super Stock. Due to the Masters racing on a different day than the Stock and Super Stock divisions, we have decided to allow age eligible drivers to race in Stock or Super Stock on Sunday while also racing in Masters on Saturday.
