BRILLIANT ELECTRIC PTY LTD  
LICENSED LEVEL 2 ACCREDITED ELECTRICIANS

# ABOUT US

## WHO IS BRILLIANT ELECTRIC

At Brilliant Electric, our mission goes beyond simply providing expert electrical services—we are committed to building stronger, safer, and more connected communities. As a trusted ASP Level 2 accredited electrical service provider, we understand the profound impact our work has on the lives of individuals and the businesses we serve. Our goal is not only to deliver high-quality electrical connections, metering, and service work, but to create lasting positive change in the spaces where we work, live, and connect.

We take immense pride in maintaining the highest standards of work, ensuring every project we undertake is executed with precision, safety, and excellence. But we don't stop there. We believe in the power of clear, constant communication, which keeps our clients informed, comfortable, and confident throughout the process.

We're driven by a passion for collaboration, working alongside like-minded people who share our commitment to bettering their communities and workspaces. Our team of professional electricians is more than skilled tradespeople—they are dedicated partners in your journey to improving the spaces that matter most to you. Whether it's a new connection, an upgrade, or essential repairs, we approach each job with a sense of purpose, ensuring that we help create environments where people can thrive.

At Brilliant Electric, we aren't just wiring buildings—we are energizing communities.

# LEVEL 2 SERVICES

Our team can help with a range of level 2 work

## OVERHEAD SERVICE SUPPLY

We manage the installation and connection of overhead and underground service Mains for new residential, commercial, and industrial properties.

## EMERGENCY REPAIRS

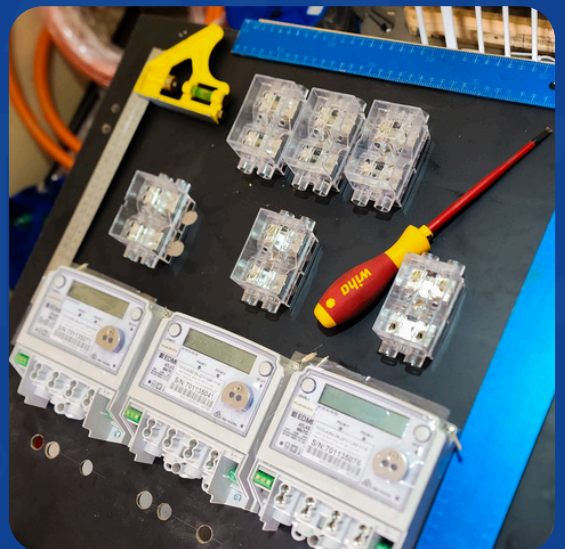

We provide swift, safe, and reliable reconnection of services after disconnection, due to defects, emergency situations or even renovations, change of ownership

## UNDERGROUND SUPPLY

We can safely relocate both underground and overhead service lines to suit property changes or development needs.

## SWITCHBOARD & METERING INSTALLATIONS

We offer Smart Metering, providing efficient installations and certifications for both residential and commercial customers, whether for enhanced energy efficiency or increased load capacity

# LEVEL 2 SERVICES
