OUR CLIENTS

ABOUT **Frasmac** Limited

Frasmac Limited a Kitwe based registered and wholly Zambian owned company plays an important role in keeping the wheels of the economy turning and as such it is equally important to ensure its smooth running and allow it to expand by also enhancing its efficiency. It is with this in mind that Frasmac Limited was founded, to provide a concrete back up platform for industry and to supply electrical, mechanical engineering, mining, manufacturing, farming, equipment to our clients. Our clients include small, medium to large corporate companies, municipal and government departments within Zambia and SADC countries

SUPPORT

Our company has an experienced and skilled sales service team and a perfect sales service network around the whole Country. Our products are sold in Zambia and other neighboring countries. In many places, we have our sales offices. Whichever is the office, they will provide the same and the best products and services. When it comes to products, we have to say that we have a strong and experienced production team. Ensuring the quality of the products makes it possible that our businesses can go further and get stronger.
