

4-WEEK COURSES 2021

HELPING THE BEHAVIORALLY CHALLENGING CHILD

Parenting, Teaching and Treating Children, Teens & Young Adults with Difficult-to-Manage Behaviors

Adult/Child power struggles can leave both parties frustrated with adults wondering how it could have gone differently. Behavioral difficulties are the leading causes of teacher stress and parent burnout.

Collaborative Problem Solving® (CPS) offers a new way to understand and help ALL children, regardless of a diagnosis, especially those with difficult-to-manage behaviors, which usually comes with a diagnosis. CPS is an evidence-based, skill-based, trauma-informed approach, which will help give you insight into what might be getting in the way for those with behavioral challenges, while you learn how to teach to the lagging skills.

Based on the work of Dr. Stuart Ablon & Dr. Ross Greene "*Treating Explosive Kids: The Collaborative Problem Solving Method*", this course will educate adults to guide children to avoid meltdowns, gain lagging skills and improve adult/child communication. If sticker charts, rewards & consequences are not helping with low-frustration tolerance, flexibility, impulsivity, risk-taking behaviors and problem solving, this course is for you! CPS helps ALL children, especially those frequent-flyers who are put on time-outs, don't respond well to consequences, have a hard time earning rewards, seem unaffected by punishments, are sent out of class, get detentions, suspensions, expulsions, restrictions, restraints, seclusion, self-medicate or are at-risk for out-of-home placement. Stop chasing compliance and start building skills!

This course will present a way to teach children with difficult-to-manage behaviors in a whole new way!

Day, Evening & Saturday Courses 2021

Thursday, 10am-Noon, 1/21, 1/28, 2/4, 2/11

Tuesday, 7pm-9pm 3/2, 3/9, 3/16, 3/23

Saturday, 1-3pm, 4/3, 4/10, 4/17, 4/24
