

BOYFRIENDBIKINIS RESORTCOLLECTION

#SkyfishSwimwear @SkyfishSwimwear

The prints on our signature collection, 'Boyfriend Bikinis', are actual poetry and words inspired by love and personal experiences. We bind this concept with graphics pulled from marine life, illustrating that the search for love is full of infinite possibilities, for there are plenty of more (Sky)fish in the sea ... We hope exposing the natural beauty of marine life will bring an awareness to better appreciate our oceans.

a **KILLER** is to hurt me black and turn me blue, like a sky so black, over its sea's deep blue. love turned pain- that lingers from you ... black and blue are my pains, stained forever true. a **KILLER** is to hurt me black and turn me blue, like a sky so black, over its sea's deep blue. love turned pain- that lingers from you ... black and blue are my pains, stained forever true.
