E-SHIELD | 80x120 cm

USL Tiles **E-SHIELD (FULL BODY, SKID RESISTANT, GERM FREE) VITRIFIED TILE** is an innovative product made from special ingredients with anti-microbial treatment that inhibits growth of germs like bacteria and fungus. This full body product with Skid resistant property can be safely used in hospitals, schools, residential areas, offices or any other commercial spaces, where longevity and hygiene is paramount.

FULL BODY

These tiles are ideal for zones with heavy footfall because even after extended use, their colour remains the same.

SKID RESISTANT

A versatile surface with a skid resistant property makes these tiles perfect for zero slippage on slopes of upto 25°.

GERM-FREE (99.9%)

A specially formulated anti-microbial glaze used during the manufacturing process enables these tiles to prevent habitation of germs like bacteria and fungus, making them an ideal choice for today's health-conscious consumers.
