

# Hosting a Ribbon Cutting or Mixer at Your Business: A Great Way to Network and Promote Your Business

As a small business owner or entrepreneur, you understand the importance of building relationships with your customers and clients. One of the best ways to do this is by hosting a ribbon cutting or mixer event at your business. This type of social networking event can help you meet potential new clients, introduce your business or a new product, share stories, and promote your brand to the local community.

Here are some tips on how to host a successful ribbon cutting or mixer event:

- **Set a date and time:** Choose a date and time that works best for your business and target audience. Consider scheduling the event during non-business hours, such as in the evening or on a weekend, to ensure maximum attendance.
- **Invite guests:** Send out invitations to your customers, clients, and other local businesses and organizations. You can also invite members of the local chamber of commerce, tourist information center, and other community groups.
- **Plan the event:** Plan the event details, including the location, catering, decorations, and any other activities or giveaways you may have. Make sure everything is set up and ready to go before the guests arrive.
- **Prepare your team:** Make sure your team is ready to greet guests, provide tours of your business, and answer any questions they may have.
- **Publicize the event:** Promote the event on social media, through email marketing, and in local publications. You can also create a Facebook event page to share with your followers and encourage them to RSVP.
- **Follow up:** After the event, follow up with your guests to thank them for attending and to offer any additional information or resources they may need.

Hosting a ribbon cutting or mixer event can be a great way to network and promote your business. By setting a date and time, inviting guests, planning the event, preparing your team, publicizing the event, and following up with your guests, you can successfully build relationships and promote your brand to the local community.

If you are interested in hosting one of these events, contact the Show Low Chamber of Commerce & Tourist Information Center at [information@showlowchamber.com](mailto:information@showlowchamber.com) or Call 928-537-2326
