

Educator's Meeting 2019
Thursday, April 25th, 2019

- I. Matt called meeting to order at 8:45pm
 - a. Present: Susan Pritchard, Matt Berry, Jenna Vavra, Rhonda Huiner, Caitlin Rittberger, Sean Bortnem, Chad Borns, Bob Hagen, Kristi Weber, Tina Scott, Cathy Doan, Candace McNamara, Sue Calmus, Anessa Van Osdel, Trista Reinert, Billie Wicks, Lisa Herrmann, Paula Freeman, Carrie Mestas by phone
- II. Vice President's Report:
 - a. 23 student exhibits submitted and 10 student papers submitted
 - b. Sean mentioned that with Rapid City's school closing there won't be many student papers available for the presentations at conference. MTI does not require students to write papers, Sanford/McKenna require written papers but do not make them mandatory to submit, Presentation/Yankton does papers but it they are not ready to be submitted by conference time
 - c. The members thought of ways to get more students involved would be to publicize that is an award or a prize when you win or use the Life Member scholarship to increase the amount of the award if possible
 - d. The board will think of incentives and different ideas for the next year then circle back to that after the next conference to see what turn out we get in 2020
- III. Student Intern Program
 - a. Caitlin and Rhonda mentioned that they didn't know what to expect at ASRT HOD and would have liked more information before going on the trip. A mentor for the new students is put into place and the ASRT Delegates will help the interns become more aware of what to expect as well as having the outgoing interns to ask questions to.
 - b. Quiz Bowl
 - i. Matt asked if there were other options for the quiz bowl since the turning point software is not up to date.
 - ii. Options for the quiz bowl would be having the school that is sergeant at arms be in charge of the quiz bowl, have a specific committee to form questions, or Carrie Mestas brought up possibly using Kahoot or a web based program to perform the quiz bowl and have it open online for educators to contribute questions
 - iii. Matt chose to make a committee for the quiz bowls moving forward
 - c. Sergeant at Arms will be as follows:
 - i. MTI (2020)
 - ii. Presentation (2021)

- iii. Yankton (2022)
 - iv. Sanford (2023)
 - v. Avera McKennan (2024)
 - d. Virtual Exhibits- Jenna Vavra
 - i. The Nebraska Society of Radiologic Technologists have exhibits at their conference that are online and completely virtual. Paula Freeman mentioned that her students follow this by the use of free templates online. Jenna Vavra mentioned that digital would be able to allow the SDSRT to present to more people and make it easier to find judges and they could be judged online as well.
 - ii. Paula will email the educators an example to help make a decision.
 - e. Kettering Review Seminars- Carrie Mestas
 - i. Aberdeen hosted a Kettering review seminar this year and the students felt that it was very helpful. They are looking to continue hosting the seminar and are asking if the seminars could be linked to the SDSRT conference as an extension prior to the conference. The cost to attend is \$245 fee for the seminar with a discount for ASRT member and for the hosting facility. Educators thought that the expense for the students would be high with hotel costs plus seminar cost.
 - ii. Matt will send out an email to start a conversation regarding this subject
- IV. Adjournment at 9:21pm
