

OFFICIAL NEWSLETTER OF THE SOUTH DAKOTA SOCIETY OF RADIOLOGIC TECHNOLOGISTS (SDSRT)

ASRT NEWS

At its fall meeting, the ASRT Board of Directors discussed the recommendation by the American Association of Physicists in Medicine to discontinue patient gonadal and fetal shielding during x-ray procedures.

Discussions and investigations are still being made to come up with the best recommendation for the ASRT.

The ASRT Board encourages radiologic technologists to read the AAPM's open letter to the medical imaging community published Aug. 19, which outlines its plans to include stakeholder organizations and individual members of the medical imaging community in the discussion.

Nov Rad Tech Week!

Nation Rad Tech Week will be celebrated Nov 3-9

NRTW[®] is celebrated annually to recognize the vital work of R.T.s across the nation. The celebration takes place each year during the week that includes Nov. 8th to commemorate the discovery of the x-ray by Wilhelm Conrad Roentgen on Nov. 8, 1895

Check out next month's issue to play some games and celebrate with us!

Make sure to share your favorite Rad Tech Week photos and games on our Facebook page.

Amazon Shopping

Shopping for Halloween supplies on Amazon? Please remember to use the SDSRT Amazon tool for your purchases.
