

**Kathryn Ring**

I was diagnosed with stage four lung cancer September 5, 2022. I learned about the EES and started to go to the Mt. Pleasant center. As soon as Quantum Energy Therapy opened in Traverse City MI, I switched because it saved me hours in driving.

This system has helped me in many ways, most importantly my cancer is disappearing!! My body is able to fight it! After my first 70hrs, I no longer have any food allergies! I had been very allergic to wheat, soy and dairy for over 10 years, I can now eat any of those things and have no reactions! My hair is turning from grey to dark brown! I feel like I'm getting back to normal! Thank you Quantum Energy Therapy for bringing the EES to TC!!!!

I was diagnosed with stage 4 lymphoma.

My son-in-law and my daughter helped me get in there because I could barely walk on my own. Right away, I noticed a difference, actually in a couple of days of being there, because I stayed for 30 nights straight in the center once I knew it was working. Within a couple of days of the first few times I was in there, I was able to walk better. I could feel it working every time in the areas that needed attention. They told me I was in remission when I went to have the follow-up for the PET scan. From the time I started there until I got the PET scan was about four and a half months.

In January 2024, I found out I had stage 3C Triple-negative breast cancer. I was really scared and couldn't eat, sleep, or even get out of bed because I was so afraid of dying. Around that time, my friend told me about the EE system. During the first session, I cried a lot, but then I felt my body relax, and I peacefully fell asleep.

The first few times I used it to relax but I noticed I felt more energetic each time. I've used it for more than 20 hours, and now I feel mentally strong and full of energy. My first chemotherapy is in a week, and I'm ready to fight because I believe the EE system will help me. Thank you.

My experience in the EESystem is truly a miracle. In Dec 2021, I was diagnosed with ovarian cancer; following my doctors advice, I went thru 6 chemo treatments and was declared cancer free on May 5, 2022. In Sept 2022, my ovarian cancer aggressively returned with my antigen levels at 182.0 (cancer free levels are <38.0). I began round 2 of chemo treatments on Dec 8, 2022. My sister had recently opened an EESystem center and encouraged me to come in and try it. I went into the EESystem for 2 hours on Dec 21, 2022. On Jan 3, 2023 my bloodwork showed my antigen levels had dropped to 61.0 from 182.0... a 65% decrease! On Jan 5, I had a second chemo treatment, which had taken a real toll on my body, I was in a lot of pain. My sister encouraged me to do an overnight session on Jan 14, 2023 for 12 hours. The following morning I was pain free and overjoyed with disbelief. I wanted to come in for another 2 hours before having my bloodwork to test my cancer antigen levels again. After another 2 hours in the EESystem, a total of 16 hours, I had my bloodwork antigen levels tested and the results were miraculous... my antigen levels were 37.1, I am now cancer free!
