## FAPSC Foundation Scholarship Guidelines

To ensure a fair and transparent process, please review the following eligibility criteria and application procedures (incomplete applications will not be considered):

**Eligibility:** Applicants must be currently enrolled at a school that is a member of FAPSC.

**Application Review:** All applications are evaluated using a standardized rubric. To maintain fairness and impartiality, all identifying information—including the name of the applicant's school—is redacted prior to review.

**Notification:** Applicants will be notified of the results as soon as evaluations are completed.

**Communication:** Updates and important announcements are shared throughout the application cycle via the FAPSC Foundation's LinkedIn page and official website.

**Registrar Contact:** Member schools are encouraged to keep the Foundation informed of current Registrar contact details to facilitate timely enrollment verification.

**Application Cycle:** A new application form is issued for each scholarship cycle. Please ensure you are using the most current version by checking the Foundation website before distributing or submitting an application.

**Award Details:** Each scholarship provides \$1,000 toward tuition, books, or supplies. Funds are disbursed directly to the institution on behalf of the student.

**Number of Awards:** Up to 15 scholarships are awarded per cycle. This number may increase based on the availability of donor contributions.

**Selection Process:** The Selection Committee uses a detailed rubric to score applications. All submissions are anonymized to ensure an equitable review process.
