Dear Prospective Donor:

Thank you for considering lending your support to our second annual Tastes Good! Sounds Good! Event. The event is scheduled for September 14th from 12pm – 6pm at the Lazy Hiker Brewing Company in Franklin. The proceeds from the event will benefit The Community Care Clinic of Franklin. We are excited to bring our community together for a day of great food, fun music, and laughter all while supporting our 501(c)3 non-profit.

The Community Care Clinic of Franklin believes everyone deserves basic health care. Our Mission is to provide free primary health care, including education and disease prevention, to low income, uninsured members of our community. Housed within the Macon County Health Department, our clinic is funded entirely by grants, fundraising, sponsorships, and donations. Tastes Good! Sounds Good! will help raise necessary funds to help support the clinic.

Since 2010 our clinic has provided qualifying community members free primary health care and necessary medications. Many of these people were seen for supervision of chronic diseases such as diabetes. Through the clinic patients can obtain care through medical supervision, lab testing/results, testing supplies, and medications including insulin. If not for our clinic many of these community members would have no source of healthcare and would be at risk for complications of their disease including hospitalization and possible death. By lending your support to this wonderful event, you are investing in the health of your community.

On behalf of our Board, staff, and patients of the Community Care Clinic of Franklin, thank you for supporting our mission, helping build stronger healthier communities and the generosity expressed through your participation. We couldn't do it without your support!

In Appreciation,

Cindy O'Boyle
Executive Director
Community Care Clinic of Franklin, Inc.
