

Basically Wonderful , **2024** ✨ ***SPONSOR*** ***PACKET***

Basically Wonderful is a grassroots organization dedicated to creating unique and absolutely necessary occasions for our Queer Trans and Disabled comrades to experience much-deserved care, access, and moments of joy. **YOU can help us** foster intentional spaces for both Disabled & LGBTQIA+ folks to find belonging and thrive in identity-driven spaces.

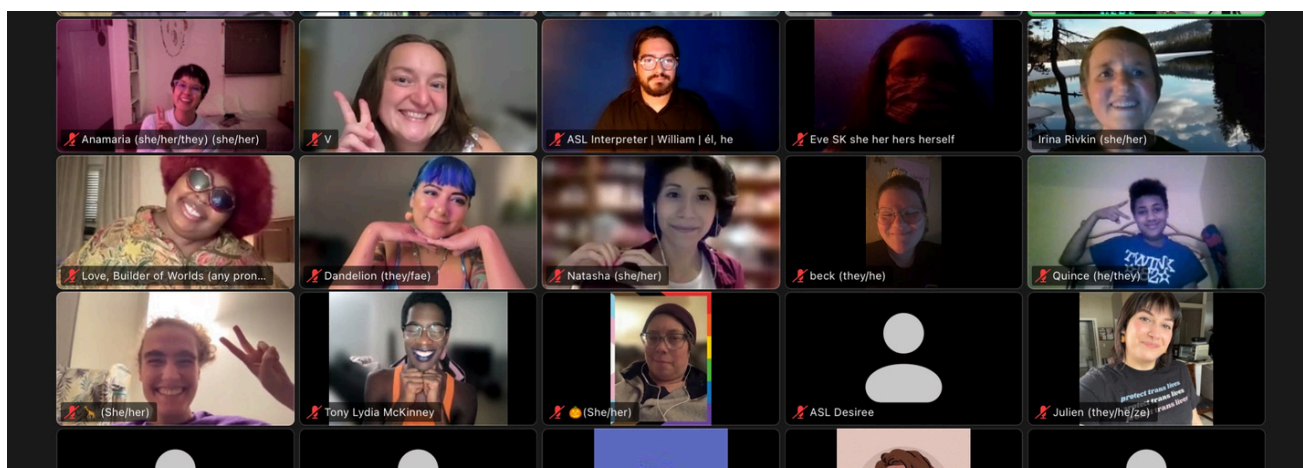

The need for support for multiply marginalized people is incredibly important. Disabled, queer, and trans folks face higher levels of interpersonal and systemic violence than their non-disabled and non-LGBTQ+ peers. Members of our community often feel lost finding community and resources that reflect their whole authentic selves.

We at Basically Wonderful are here to help and be that respite.

Basically Wonderful is a 501(c)(3) organization that depends on generous donations from community organizations and businesses like yours to support the crucial work we do. We use every dollar donated to create welcoming, peer-led spaces where folks can feel connected to a broader community and support system.
