

LARGEST POLICE MAGAZINE ON THE PLANET

THE **BLUES**

2025 MEDIA KIT

...how it all began.

LARGEST AUDIENCE EVER - 6.7 MILLION, AUG. 2025

“The Largest Police Magazine on the Planet”

It began life as the COUNTY BLUES in 1984 and was founded by a young deputy with the Harris County Sheriff's Office, Michael Barron. Barron's vision for the publication was to provide a conduit for law enforcement officers across the state of Texas to share ideas and experiences. Now 41 years later, that same vision became the “largest Police Magazine on the Planet.”

In June of 2022, The BLUES moved its hosting site to an international platform which introduced The BLUES to Police and First Responders from around the world. Within weeks, the magazine reached over 1.5 million readers, making its most widely read police magazine in the world.

In addition to readers finding the magazine on dozens of police social media sites, The BLUES is emailed directly to over 303,255 subscribers and police agencies in the U.S., including every Police Chief, Constable, Sheriff, and City Marshal, as well as all Federal Law Enforcement agencies.

The BLUES hosting site YUMPU, converts normal PDFs into an all digital format, creating searchable content including all ads. The BLUES also has it's own platform on YUMPU which can be viewed here: <https://www.yumpu.com/kiosk/theBLUES> .

In addition to its large readership, The BLUES has an average page count over 200 each month, making it not only the most read police magazine, but the largest of its kind in the world.

...our readers.

Who Reads The BLUES?

In 2025, The BLUES will not only be read by first responders and rank in-file law enforcement personnel, but also emailed directly to police chiefs, sheriffs, constables, and heads of federal law enforcement agencies across the U.S. In addition, over 303,255 subscribers receive monthly emails with a direct link to each month's issue, and the link is shared on over 200 police oriented social media sites.

The demographics of our free subscribers reveal that over 60% are first responders, 30% are heads of law enforcement and the remaining 10% are retired law enforcement and families of first responders.

Of the 90% in active law enforcement, 42% work for police departments, 28% for sheriffs, 17% for constables, 9% are state troopers and game wardens, 4% are FBI, ATF Marshals and other departments.

The BLUES consistently reaches all levels of law enforcement throughout the U.S and the World.

...U.S. circulation.
