

To Whom It May Concern:

Tony Lind and Tony Lind Paving have been my go-to contractor for asphalt paving and concrete work for the last 8 years. I consistently get quick responses and Tony Lind Paving is great with maintaining communication on job status.

Projects I have hired Tony Lind Paving for range from small restorations to large sections of either asphalt paving or concrete. They understand the importance of safety and time sensitive completions.

I highly recommend Tony Lind Paving for any and all paving and concrete needs you may have.
