LETTER OF RECOMMENDATION

This letter serves as my personal recommendation for Tony Lind and his company "Tony Lind Paving, LLC".

TLP has been a trusted partner and proven subcontractor for Cannon Construction Inc. since January of 1999. We consider Tony and his team of dedicated employees an extension of our own crews. His crews consistently demonstrate the ability to rise to any challenge. They always have a "can do" attitude and produce quality results.

I feel confident if you give "Tony Lind Paving" an opportunity to provide asphalt paving services for you – you won't be disappointed with the results.

Please do not hesitate to contact me anytime regarding this recommendation.

Best Regards

Michael Cannon
President
