

## School Supply Drive

A program to help students in need during these challenging times.

- August 17-19 8am-5pm
- Drop off Items in the Front Office
- Items needed included: 2 Quart containers, small dry erase boards, rulers, scissors, pencils and stamps (for the in-school pen pals)

## In-School Pen Pals

Students will be paired up by the teachers with their yearly reading buddy at the beginning of the year as usual. While we are in remote learning, the students can be pen pals. This not only helps form bonds prior to the return of school, but can help children work on writing. If students need help with supplies, like stamps or envelope, the PTA can help supply those.

# SWES PTA

## New Programs

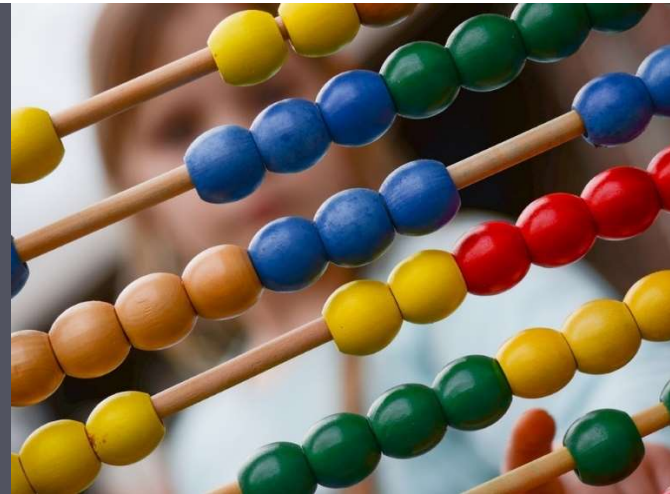

### 2020/2021

As we face a new and uncharted school year, your SWES PTA is introducing a few new programs to help our children feel engaged and important.

## Story Time Walk Through

In this program, we take two books and cut out the pages. The pages are glued to yard signs and placed along a walking path. Then families can come walk through the path and read a story with their family.

## Free Book Mini-Library

Asking parents to help build and donate to 2 free book Libraries. One would be located at the school. For the second, we would ask a business closer to Downtown High Point if we could put one there to reach our students on that side of town.

- Distance gathering for fun physical activities (Danceathon, Bingo Night, etc.)
- At-home art program for emotional health (grant applied for to cover cost).

## Spread the Love

Students will leave notes or pictures of encouragement in library books they have checked out (when we are allowed to check books out again) to brighten up the day of the next student who checks out the books. \*

\*All content will be checked for appropriate material.
