INTERNSHIP PROGRAM

Field Engineer Intern -

The future you want is within reach.

At B. C. Biyani, we build the places where life happens and find camaraderie in the process. We are a community of builders committed to building better communities. That is why we are always looking ahead, and not just to the next project or what is next in our industry.

We are also looking at what is next for you and how we can help you build a career you are proud of. You could be part of a team that works hard, plays hard, and is effective in your community. B. C. Biyani offers competitive compensation packages, and a chance to be an owner in our 100-percent employee-owned company. We give you challenging assignments and an encouraging work environment which promotes personal and professional growth.

As a Civil Engineering Student for our Bhusawal HO, MH, you will contribute to our team by:

- Getting exposure to the various field knowledge including building, surveying, and documentation.
- Performing assignments requiring application of standard techniques, procedures and criteria to conduct engineering tasks.
- Assignments are designed to further develop judgment and understanding of professional and ethical responsibilities.
- Exercising judgment limited to developing details of work in making preliminary selections and adaptations of engineering alternatives.
- Preparing engineering related calculations and develop drawings and visual aids.
- Performing geotechnical analyses including slope stability, seepage, settlement, shallow and deep foundations, retaining walls, and seismic.
- Conducting field exploration, collect samples, analyse data, and review geotechnical samples for laboratory testing.
- Work under supervision of a project manager or senior-level team member.
- Composing and preparing correspondence, reports, and other documentation
- Other duties as required.

Requirements:

- Currently enrolled in an accredited Civil Engineering Program as a full-time student pursuing an undergraduate/graduate degree in Civil Engineering or related field.
