The Lives Of Our Youth!

Rev. Corey Terry

Being the Founder of Our Brothers Guardian Inc, along with 10+ years of hard work and teamwork has brought me nothing but happiness and joy.

No man can do it alone and so many people to thank. I must mention (Chief) Robert Simmons who supports the existence of OBG, and a major mentor in my life development, with his wife Ms. Simmons for her love and faith.

I must mention Mr. John Ager and Mr. Stephen Yearwood, the Co-Founders of OBG Inc and a vital part from the beginning and continue to support this organization.

The late Rev. Dr. Dwight M. Jackson my first mentor, who gave me a chance to grow and learn through his guidance.

The late Mother Connie Cabell and Mr. Joseph Crowder, the lead contributors to the organization, by their own donations and friends.

Finally, my mother Velma Terry, for loving me unconditional and believing in the power of prayer. She always encouraged me to find my true purpose even when I doubted myself.

It is time to pass this organization to a mentee Mr. Kyle Kelly as(Executive Director), who has been a member of OBG from the beginning and shows devotion to helping the youth grow in a positive way.

I am happy to see him take the organization to the next level, while I am still alive. As the founder you may think no one else can do this job, but the truth is, he will do it better! The vision presented by God to me, will continue the legacy. I give God the Glory!

OUR BROTHERS GUARDIAN MANAGEMENT SERVICES LLC

YBG (Young Black & Gifted) is a consulting group that consists of five African American males. We prioritize four categories in our everyday life to ensure that our goals and aspirations are met. Those four categories that we obey are Faith, Family, Finances, and Self-Awareness.

Whether it is belief in a certain religion or maintaining hope and confidence in one-self; YBG members believe that faith is important in everything we do. We pray often, and continuously thank God for all aspects in life, whether good or bad. We believe that experience is the best teacher and thoroughly enjoy all life experiences that shape us to be the best men that we could possibly be. If there is a will there is a way, and YBG members consistently preach confidence in ourselves and our abilities.

Families are similar to the branches on trees. Everyone may grow in different directions, but your roots will always remain the same. Family to YBG is everything. We emphasize the importance of maintaining strong relationships with our mothers, fathers, brothers, sisters, wives, kids, and all blood-line members. We like to look at ourselves as providers as well as caregivers. YBG members assist our families with any problems and show endless compassion for the ones that we love.

Our community is also looked at as our family and our roots. We our all born and raised in Queens NY, and desire to see this community thrive. Over the years we have made it a priority to share our skills and knowledge to our peers throughout the community. We hold monthly classes to teach men and women and boys and girls of all ages the importance of vocational training. In the fall of 2020, YBG kicked off Vocational training sessions every 4th Saturday of each month. During these training sessions we have licensed professionals teach classes on how to make cutting boards, change a faucet, change a doorknob, etc. We now also partner with a mental health group that provides workshops for individuals of all ages as well.

Our thoughts on finances and money are discussed daily between our members. Each member believes in financial freedom and we all desire to live comfortably and value the almighty dollar. However, we remind each other that steps cannot be skipped, and hard work is what leads to the promised land. We share spending ideas, saving techniques, and smart investments that we use with each other. After gathering ideas about investments, we realized a common interest that we all had in real estate properties. With the guidance of our mentor and the oldest member of YBG Rev. Terry we started an LLC and put a plan in place to begin investing together.

As the owner of Our Brothers Guardian Management Services LLC a Consultant & Mentoring service to support young people in vocational training, meditation, and housing liaison.

Our motto is each one, teach one and transparency is key to community relationships.

If you are looking for a company with respect for everyone, always transparent, and devoted to listening and engaging with residents in diverse communities, to build a better tomorrow.
