April is recognized as World Autism Month (and Autism Acceptance Month), aimed at raising awareness, promoting acceptance, and fostering advocacy for individuals on the autism spectrum. It focuses on removing barriers, ensuring support, and celebrating neurodiversity through community initiatives and education.

While it began as "Awareness" in 1970, many organizations now focus on "Acceptance" to promote inclusion and value for autistic individuals.

Major organizations such as the Autism Society and Autism Speaks provide resources and opportunities to get involved.

KEEPING UP WITH THE COLTS

MENA-SWANA Heritage Month is a time to recognize and celebrate the histories, cultures, and contributions of people from the Middle East, North Africa, and Southwest Asia. It highlights the region's rich diversity—spanning languages, religions, and traditions—while also honoring the impact of MENA-SWANA communities around the world, especially in areas like art, science, literature, and social change. The month also encourages education, cultural pride, and greater understanding of these communities' experiences and identities.
