The Rosetta Project is a new folk-rock musical which centers around the true story of Rosetta Wakeman, a young woman who presented herself as a man and joined the Union Army during the Civil War. Her adventures are captured in a series of letters written to her family chronicling her daily life as Private Lyons Wakeman in the 153rd New York infantry. Original songs by lyricist/ composer Jenn Grinels bring to life this tale of freedom, gender identity and the pursuit of the American Dream.

This summer, Grinels is partnering with Bridgetown Conservatory of Musical Theatre to bring the first ever concert version of the Rosetta Project to life.
