

TRIGGERTECH

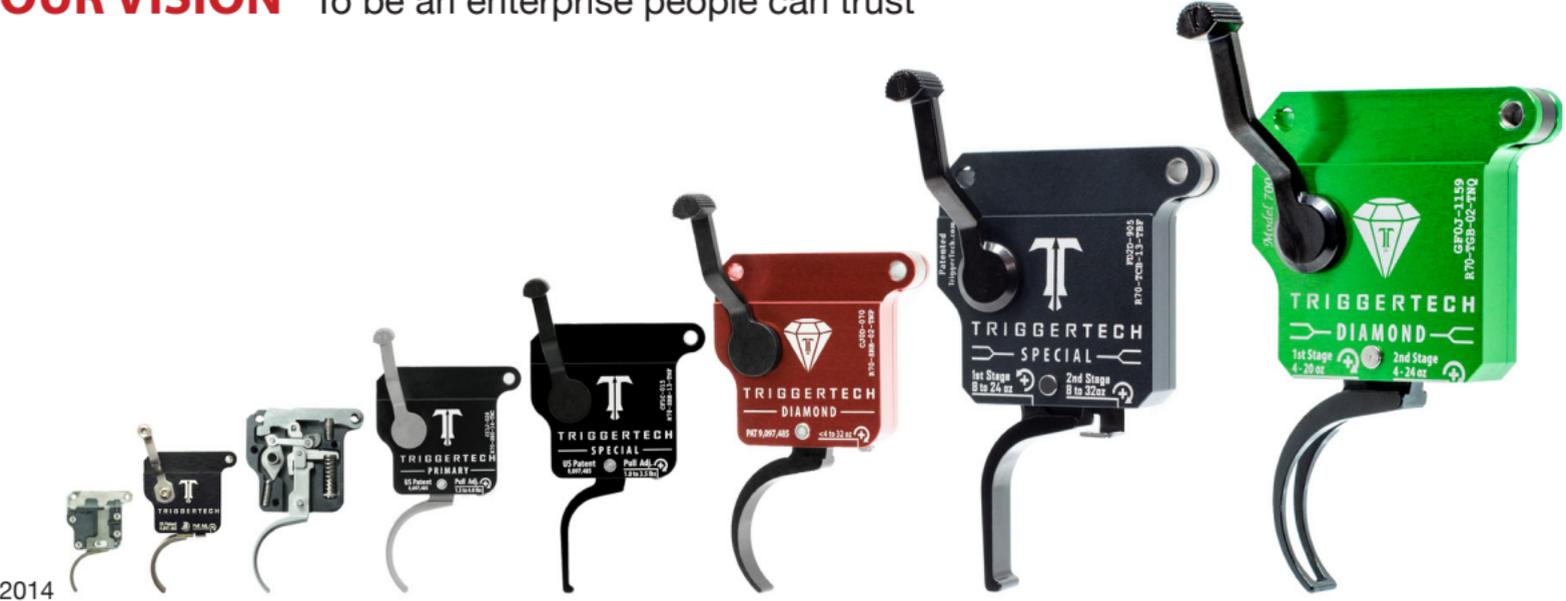

2024 Mini Catalog

Improving Performance and Inspiring Confidence

OUR MISSION To use our ingenuity to improve performance and inspire confidence

OUR VISION To be an enterprise people can trust

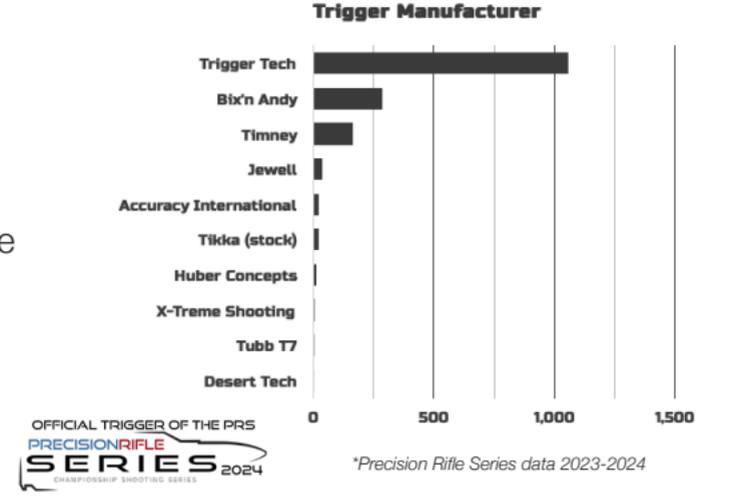

2014

“The Diamond is the most consistent and crisp breaking trigger I have ever used. It has made me aware of the creep that exists in all other triggers.” - **Brian Allen**

COMPETITIVE SHOOTERS

TriggerTech products have been inspired by competitive shooters who need to be highly accurate while shooting as fast as possible. Our products offer a unique combination of performance and reliability which is why more competitive shooters choose TriggerTech.

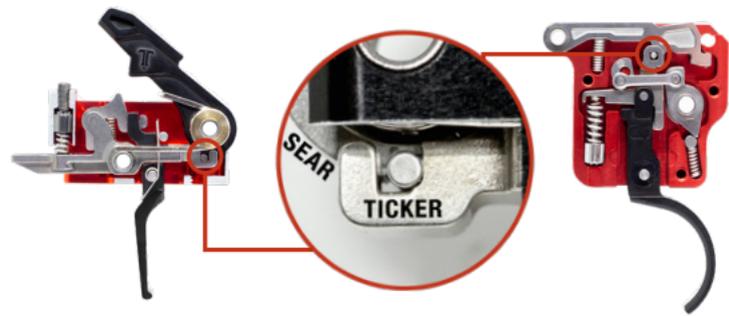

OEM PARTNERSHIPS

OEM relationships are the core of our business. We are humbled to be trusted as a preferred supplier by several leading OEMs.

Zero Creep

Zero Creep Technology™ triggers offer an exceptionally crisp break (like a glass rod) and we guarantee your accuracy and precision will improve.

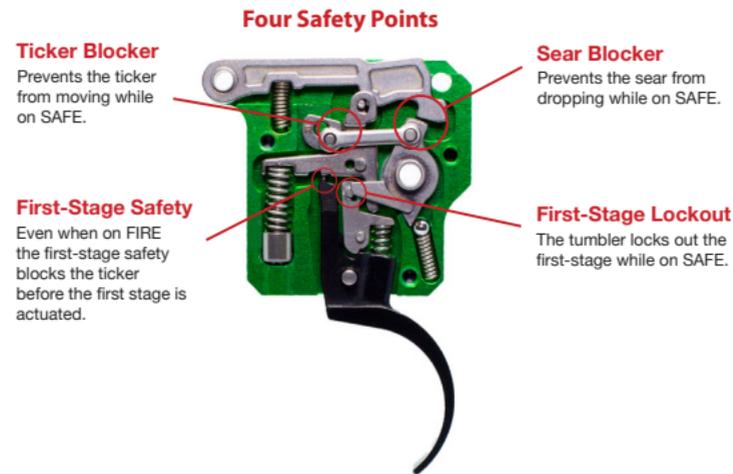

Reset

Patented TKR Technology™ ensures reset is extremely short yet remains tactile and forceful enough that you will make follow-up shots with more accuracy, precision and confidence.

Overtravel

Patented TKR Technology™ minimizes overtravel so your sight picture experiences less disruption and sets you up for the perfect reset.

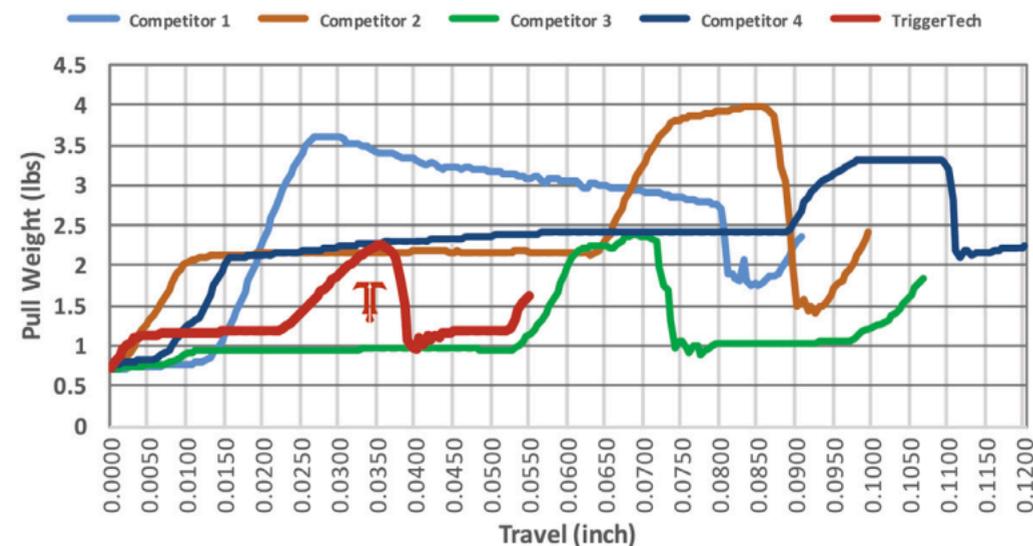

Adjustability

Patented CLKR Technology™ features an easy-to-access adjustment screw that provides positive feedback enabling you to adjust your trigger's pull weight quickly with confidence.

COMPETITOR COMPARISON

This Dvorak trigger scan shows a TriggerTech AR15 trigger set at 2.25 lbs against 4 leading friction-based, aftermarket AR15 triggers. These scans highlight what you feel when you shoot a TriggerTech.

		1	2	3	4	
Take Up	20	N/A	54	42	74	thou
Peak Force	2.2	3.6	4.0	2.4	3.3	lb
Creep	0	54	14	11	17	thou
Reset	18	70	79	22	96	thou
Energy Single Shot	0.05			0.08		in*lb
Energy Multi Shot	0.03	0.20	0.20	0.04	0.24	in*lb

OUR FACILITY

TriggerTech operates out of a state of the art 42,000 sq ft facility with in house R&D, manufacturing, assembly and testing capabilities.

NEW FOR 2024 - REM700 BASE

After releasing our AR Duty Line last year we applied what we learned to develop a Remington 700 trigger suitable for sport enthusiasts and everyday hunters at an accessible price point.

What we changed:

- Die cast EZAC alloy housing
- Fixed 3.5 lbs break weight
- Increased overtravel tolerance

What you get:

- TriggerTech's Zero Creep Technology
- Proven stainless steel internal components
- Accessible price point

REM 700 TRIGGERS
