

Bosch Home Comfort PRO

Program Tier Structure

There are three tier levels within the Bosch Partner Program: Home Comfort PRO Silver, Home Comfort PRO Gold, and Home Comfort PRO Platinum. Tier level is defined by annual as a sum of List Price of products registered. Bosch List Price is accessible on the registerable products download in Partner Portal. A Contractor Company must register at least \$50,000.00 of products on this list within a calendar year to reach Home Comfort PRO Silver status. If a company is below \$50,000.00 annual turnover, they can still register products for warranty and access tools & training through the program, but they won't be able to use the Partnership or redeem points. One point is equivalent to \$1, and points can be used in the Partnership for gift cards, apparel, gear, marketing material, and literature.

Program Requirements		
\$50,000.00 - \$499,999.99 Annual Turnover	\$500,000.00 - \$999,999.99 Annual Turnover	≥\$1M Annual Turnover
