# CPJSP ANNUAL REPORT 2021

**CPJSP – “Centre de Promotion des Jeunes pour Sortir de la Pauvreté”** Established in 2007 with the law No 20/2000 of 26 July 2000, which regulates the nonprofit organizations. CPJSP was created after observing that a big number of youth in the region suffer from a high rate of unemployment and life was so difficult due to lack of sufficient professional and technical competences and financial means. We are devoted to education, skills development and empowerment of youth and less privileged young women.

**Vision:** “To become the best service provider for youth education and development.”

**Mission:** “To empower youth for their own development “

## **Core Values:**

- Professionalism,
- Integrity,
- Stewardship,
- Excellence

## **Strategies:**

- Promoting innovation through technical training
- Quality assurance and adaptive management for programs
- Enhancing good and strategic partnerships

## **Programs:**

1. Youth employment program

## EVALUATION OF KIDS NUTRITION STATUS

In collaboration with the health workers we were able to weigh and evaluate the growth of children under five years of age of the beneficiaries of the project in aim of increasing the interventions as the following:

### TRAINING OF CARE GIVERS FOR ECD

As the ECD centers are community and home based they didn't have the qualified care givers

For providing better and qualitative education to children, we have organized training for caregivers on early childhood development, educational play, caregiver conduct, child hygiene and basic care.

### PROVIDING FOOD BEVERAGE:

To help girl mothers who are poorer during the training period to have an alimentary insurance, we have distributed a packet of food and know every quarter
