

OUR THANKS

We thank Madam Eva and Gilda

Madam Ida and Gilda, our guests, blessed us on that day. We appreciate the guests that Solace Ministry provided.

CPJSP offers tailoring training to students, and we recently had the opportunity to work with Solace to provide a full year of tailoring training for their students.

From nothing, they have developed their skills over time, as demonstrated by the fashion or sketches they have delivered. They got together with their GAERG colleague, where they now have savings accounts.

We are extremely grateful to Solace for providing us with this opportunity, and today's Solace youth are joyful because they can see a better future ahead of them. As a result, our community will generally develop and mental health issues will decrease.

We would like to express our gratitude for allowing us to meet with you today. It was a pleasure spending quality time with you and learning more about your background, philosophy, and perspective on professional tailoring.

We had enjoyable being with you.

We appreciate the gift you gave us.

Thank you!
