

PUBLIC NOTICE

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

Monitoring/Reporting Violation – Disinfectant Residual Reporting

System Name: Grand Harbor WSC

PWS ID: TX2490070

County: Wise County, Texas

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not your drinking water meets health standards. During the 3rd Quarter of 2025 (July 1 – September 30, 2025), we did not complete all monitoring/reporting requirements for disinfectant residuals and therefore cannot be sure of the quality of your drinking water during that time.

What should I do?

There is nothing you need to do at this time. This is not an emergency.

What is being done?

Grand Harbor WSC has taken steps to correct the issue, including submitting required reports and implementing procedures to ensure compliance moving forward.
