### ❖ LET'S DISCUSS

**Q. 4** Why did the rajas of mahajanapadas build forts?

Answer:

The rajas of mahajanapadas build forts around their capital city to protect it against attacks from other kings, also it meant living in the fortified city could be better governed. It is also probable that some kings wanted to show how rich and powerful they were by building large, tall and impressive walls around their capital.

**Q. 5** In what ways are present-day elections different from the ways in which rulers were chosen in janapadas?

Answer:

In janapadas, men became 'rajas' by performing the Ashvamedha sacrifice. The rajas who let the ashvamedha horse pass through their lands meant that they accepted that the raja who wanted to perform the sacrifice was stronger than them.

In the modern times, we have a democratic system for electing our leaders. Each citizen who is 18yrs old (or older) has the right to cast his/her vote. The contesting candidate with majority of votes wins the election, thus becoming the public leader.
