

I remember the exact moment when my wife, Jennifer and I fell in love with Fairhope and why. Like us, I'm sure you had that moment when Fairhope called you. Over the last 22 years, each day spent here has brought a deeper appreciation for just how special this place is.

I'm running for City Council because I believe that the erosion of our town's charm has already begun. Together, we can fix this by electing city council members who understand that our charm isn't for sale to the highest bidder.

Thank you for your trust, your vote, and your commitment to help Protect, Preserve, and Shape the Future of Fairhope - Together!

Growth & Infrastructure

Problem:

Unchecked growth is threatening Fairhope's charm. Fairhope is growing 3x faster than the national average. Our water and utility systems are stretched thin.

Solution: Pause, Plan, Build Smart.

Temporary pause on new development.
Pause providing new developments outside of the city limits with City of Fairhope utilities.
Annually review and update 2024 Comprehensive Plan.

Quality of Life

Problem:

Our children won't know the Fairhope we fell in love with or the sense of community that made us choose this place.

Solution: Preserve, Protect, Shape the Future.

Tax credits for historical preservation.
Restore previous height limits downtown.
Strengthen first responders and emergency medical services.

Open Government / Transparency

Problem:

Citizens are left out of decisions. Fairhope shouldn't be run by insiders. Fairhope belongs to all citizens.

Solution: Transparency, Engagement, Accountability.

Launch online Fairhope Checkbook, showing how tax dollars are spent. Create interactive maps with developments and infrastructure upgrades. Provide monthly newsletter with clear updates on votes and priorities.
