Pregnant and Postpartum Heart Disease Warning Signs

PEACH

Palpitations
dema
Abnormal Breathing
Chest Pains
High Blood Pressure
Georgia cares about the heart health of pregnant and postpartum people. Look out for the **PEACH** heart warning signs that something might be seriously wrong.

Pregnancy can impact your heart health for up to a year after the pregnancy ends. Not all doctors will know that you were pregnant. Remember to say “*I was pregnant this past year and now I am having...*”
