

A community event benefitting Trailhead Community presented by Stepping Stone Support Center

June 11, 2022

Clement Park

8:30 a.m.

Trailhead Community and Stepping Stone Support Center are excited to announce our 6th Annual 5K! This amazing event benefits adults with developmental disabilities. We are raising both awareness and funds to give these participants a home of their own!

At Trailhead, our mission is creating and designing an extraordinary opportunity for people to come together in an integrated and intentional apartment community.

In December 2021, ground was broken for an 80-unit apartment complex near Bowles and C470 in Littleton, where 50% of the units are allocated for adults with developmental disabilities, 25% for working professionals/millennials and 25% for active seniors. The building will include state-of-the-art technology and "Universal Design" features to promote independence and safety for all residents. A cooperative management model will integrate all three tenant groups together to make decisions about how their community will operate! We will have on-site concierge staff to provide 24/7 oversight for the building, social events, meal preparation and encourage mutual exchange and support between tenants. The complex will have many unique and intentional features to promote community including a sport court, sound-proof multimedia room for music, large screen viewing and mini jam sessions, a community kitchen and common dining room serving optional meals daily, and large common areas both indoors and outdoors!

This concept was inspired by the success of Stepping Stone Support Center, a sister company established in 2013. The support center provides prevocational and life skills training, job placement, job coaching services, social events and community connections. Many of the participants who have received services through the support center will be eligible for independent living at Trailhead Community due to their success in the program.

You have helped make a difference in the lives of so many already just by supporting our mission, but we still have a long road ahead.

How can you help? Become a sponsor of the 2022 Stepping Stone 5K!

Our Runners

While the Stepping Stone 5K runners race for many reasons, many of them are there to support the staff and participants of Stepping Stone Support Center and the mission of Trailhead communities. A vast majority are between the ages of 20 and 40. And while most runners come from the western suburbs of Littleton and Lakewood, all of the communities in metro Denver are represented.

Gender: 59% Females/41% males

Ages: 12% Under 20

47% Ages 20-39

9% Ages 40-49

33% 50 and over

All Stepping Stone Support Center participants are invited to run or walk the event. We partner with Athletes in Tandem to make sure that everyone who wants to participate can. While the timed race is a 5K, we offer a 2.5K "Shortcut" for those participants who chose to run or walk a shorter distance.

Why sponsor the Stepping Stone 5K?

We would like to invite your business to partner with us for the 5th Annual Stepping Stone 5K to be held on Saturday, June 11, 2022 at Clement Park in Littleton, Colorado. As a sponsor, you can be part of a fun athletic event that promotes health and wellness to all in our community and supports a deserving local non-profit. We welcome the opportunity to discuss your ideas on how to structure a partnership that meets your specific needs and makes a meaningful impact on the lives of those in our community.
